Memories have minds of their own.

I started to dig for 60s songs
when I watched a movie called
"Dirty Dancing"

I sympathized with a roughly
translated lyric of a song, so
it left a lingering impact on me

Falling in such deep love that one would not care what would happen the next day.
passionate love like that.
the sound
"But I have to do."
"Will you still

But when I found a professionally
translated lyric of the song,
there were no such lines

Furthermore, the song was
more about a one-night stand
and was fairly indecent

As I realized that the roughly
translated version of the lyric
was from a fan whose memories
had faded and was a memento
of its own

I was utterly disappointed.

'Mind has mind of its own.'

I often think so

"Will I ever be able to love like that?"
Such passionate love ..

Part 2. Sei, Sera

Part 2. 세이, 세라

Well.. I did have a few chances of such love...
Will you still...

Should I experience such love first before I write a scenario like this ?

Nay.. I think I read an interview somewhere that pure imaginations work better in some cases

It's not like you can experience everything in this world.

Well, even if I do want to love, what I need to focus on is getting a part time job rather than wasting my time falling and experiencing love.

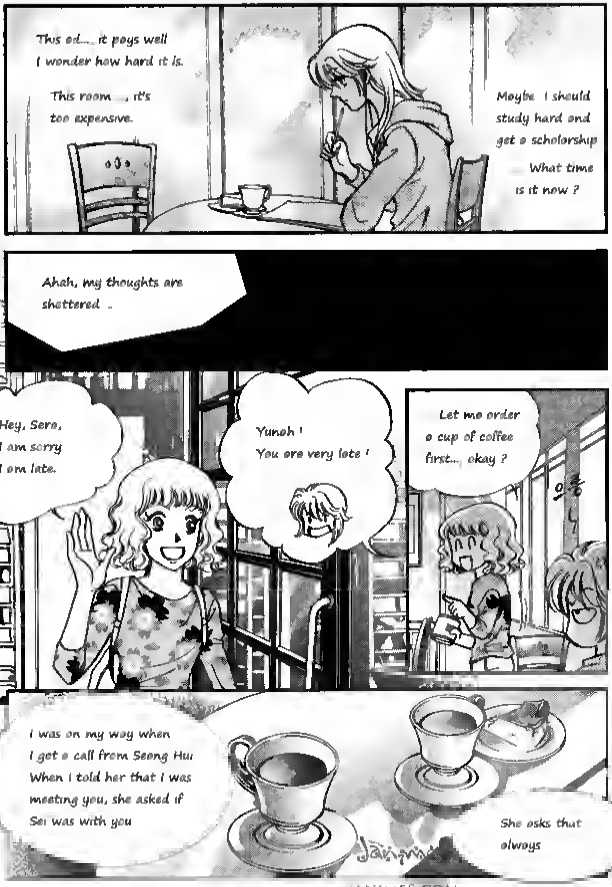
And get a place to live.

Hmm.... let me see ..

I spent 6.000 won for this coffee and a piece of cake -- It was my lunch

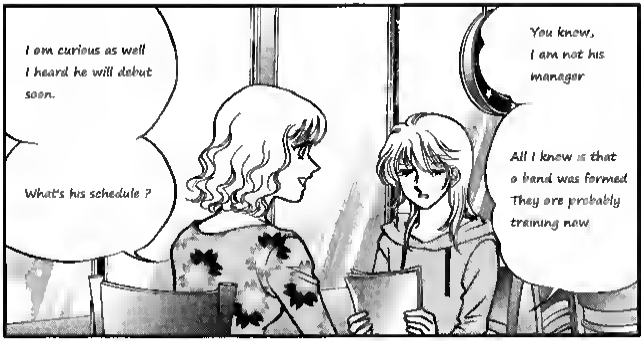
Damn this is too expensive. I should have ordered coffee only

*6.000 won = 4 dollors.

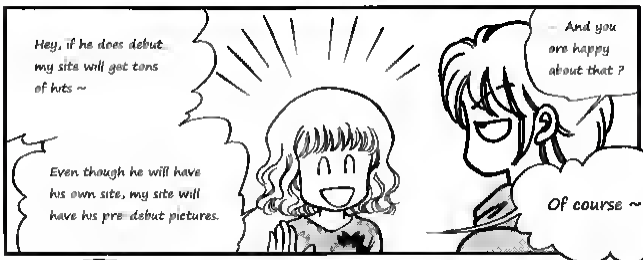


This ed.... it pays well
I wonder how hard it is.
This room ..., it's too expensive.
Maybe I should study hard and get a scholarship
... What time is it now ?
Ahah, my thoughts are shattered ..
Hey, Sera, I am sorry I am late.
Yunoh ! You are very late !
Let me order a cup of coffee first... okay ?
I was on my way when I get a call from Seong Hui When I told her that I was meeting you, she asked if Sei was with you
She asks that always

JANIMES.COM

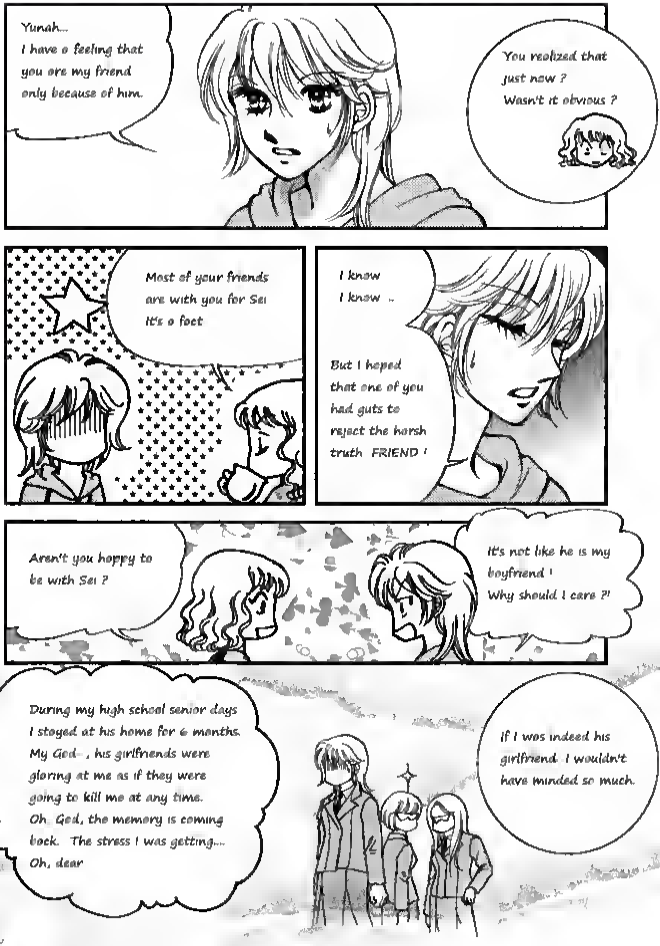


I am curious as well
I heard he will debut
soon.
What's his schedule ?
You know,
I am not his
manager
All I know is that
a band was formed
They are probably
training now



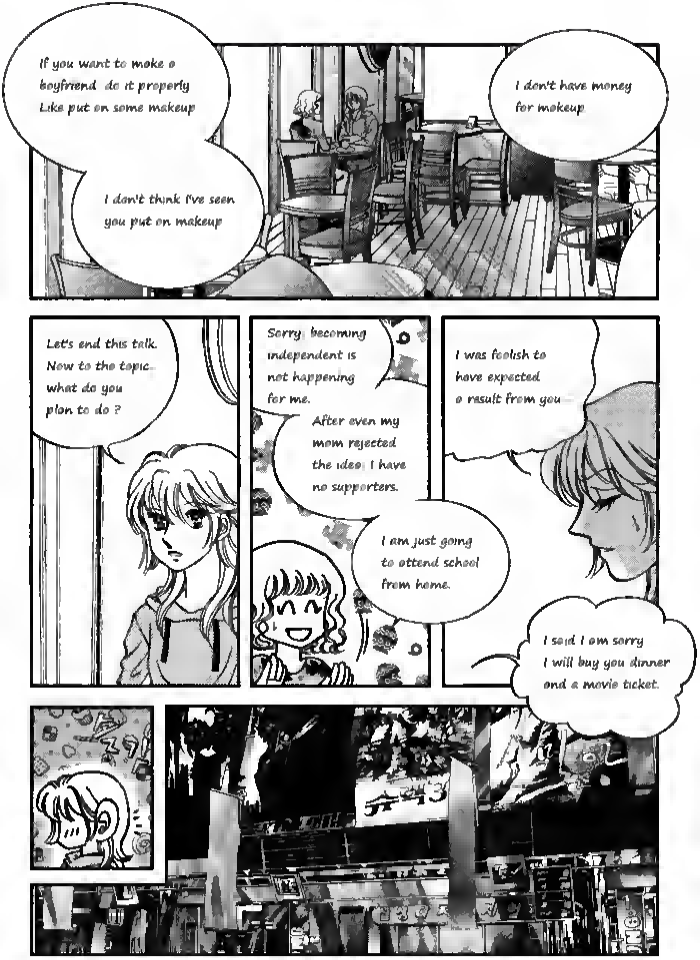
Hey, if he does debut
my site will get tons
of hits ~
Even though he will have
his own site, my site will
have his pre-debut pictures.
— And you
are happy
about that ?
Of course ~

It is very satisfying to see
something you created get
a lot of attention.
It is also very satisfying to see
hit counter skyrocket
So, I need to meet
Sei for more materials.
Hey, say... let's have
a meeting with Sei

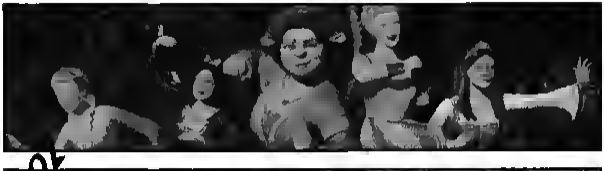


Yunah...
I have a feeling that you are my friend only because of him.
You realized that just now ?
Wasn't it obvious ?
Most of your friends are with you for Sei
It's a fact
I know
I know ..
But I hoped that one of you had guts to reject the harsh truth FRIEND !
Aren't you happy to be with Sei ?
It's not like he is my boyfriend !
Why should I care ?!
During my high school senior days I stayed at his home for 6 months. My God- , his girlfriends were glaring at me as if they were going to kill me at any time. Oh God, the memory is coming back. The stress I was getting... Oh, dear
If I was indeed his girlfriend I wouldn't have minded so much.

He is going to be a celebrity soon.
And I am a college girl who's so poor that I can't even foresee my own future. The distance is too great
He is not my relative and he is not going to support me.
Why talk about being poor all of a sudden ?
You know my situation
Well , yeah
Yeah
Well, most of us are looking at Sei simply ...
Hoping to get a boyfriend like him one day
Hey, you told me that you met a seaboe who was your type.
How is it going with him ?
Nada.
I don't even think he is interested in me.
Yeah... there are sometimes guys who show no interest in girls.
SIGH
#2

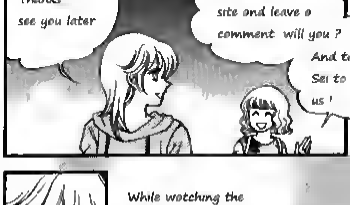


If you want to make a boyfriend do it properly Like put on some makeup
I don't think I've seen you put on makeup
I don't have money for makeup
Let's end this talk. Now to the topic.. what do you plan to do ?
Sorry, becoming independent is not happening for me.
After even my mom rejected the idea, I have no supporters.
I am just going to attend school from home.
I was foolish to have expected a result from you
I said I am sorry I will buy you dinner and a movie ticket.

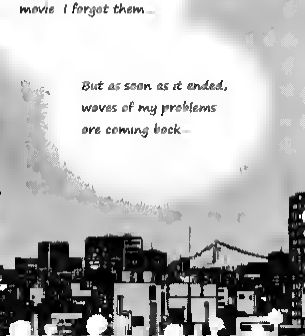


아아아

Animations always have happy endings That's why I like them.
I want to make an anime.
Though I suck at drawing



Thanks see you later
Okay visit my site and leave a comment will you ?
And tell Sei to meet us !



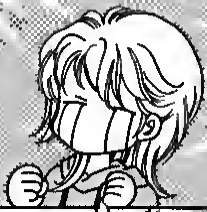
While watching the movie I forget them...
But as soon as it ended, waves of my problems are coming back...

Anyway,
yes, I do admit that I had feelings for him.
I mean, we see each other everyday. I'd be lying if I said I've never developed feelings for him.
But, after confronting Sei's mother, my feelings quickly faded away
Besides, it does seem that he sees me as a family rather than ... a girl
And I don't want to be bullied because of him.
So, yeah, I have mixed... feelings but we are clear, even sexually
Though there have been a few close cases..
Anyway, my problem right now is money !!!

Sera, I need to talk to you
Ah, sure.
I told you right ? The contract ends mid July
You need to tell me if you are going to renew er not.
So that I can put on maket for rent
Sure.
I will tell you in a week.
Very well
Well, bad things always happen at once, don't they ?
Where I was working become bankrupt
As a result, I wasn't paid properly
Then, the rent fee went up
At this point I am not even sure if I can register for the next semester

Ah, I need money, MONEY!

LOTTO



I am not expecting such a large sum from lottery ... 1 million. . no 10.000 won. . no even 1.000 won? Pretty please.

My life was so boring ...

So boring that ...

I wanted something
to happen in my life.

Hey, Sera, what brings you to school during summer break ?
Hey, Sera
Ah, Seanbae, I have something to do ...
Are you having a meeting ?
We formed a study group
We can't do this alone so we are debating for options.
I see.

Join us.
You can't do filming alone you know
I am sorry Seonbae but I have a part time job to attend
You always say that
I am not lying though.
Well, what good seonbaes are for ? Call me sometimes for advices and such.
Will buy you meals sometimes as well
You aren't joking, are you, about buying meals ?
I might really call you, seonbae.
Sir, we will be outside !
No. I am going with you.
See you around, Sere

He is Jeong Hyeon seonbae.
He had been off the college for a while.
When he came back, he was already pretty popular

He seems relaxed always and I was attracted to him as well.

Whenever he gave me signs, my heart raced.

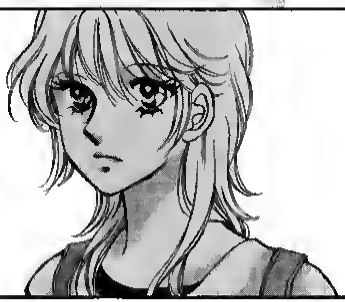
But it seems that he is nice to everyone.

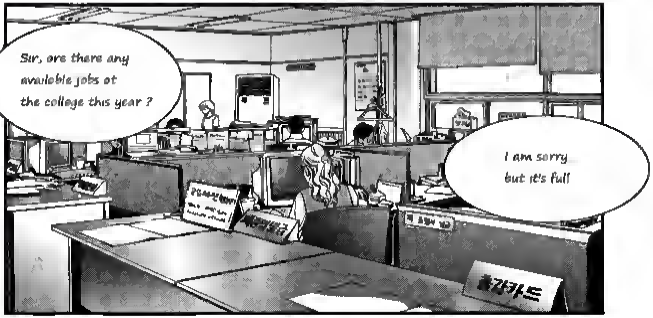
I am not really sure.

If I can have the chance I'd love to go out with him.

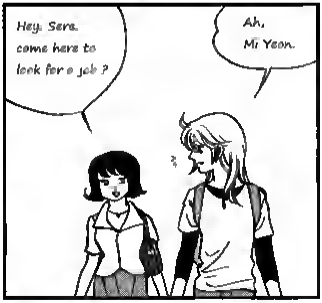
But I cannot afford to do that in my current situation.

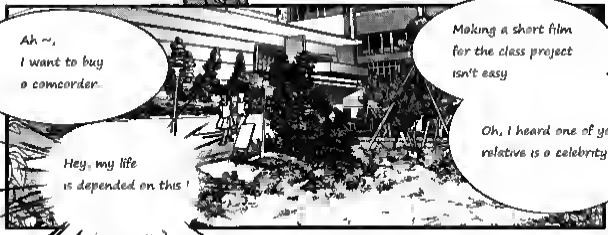
And I don't want to let him find out my situation, either



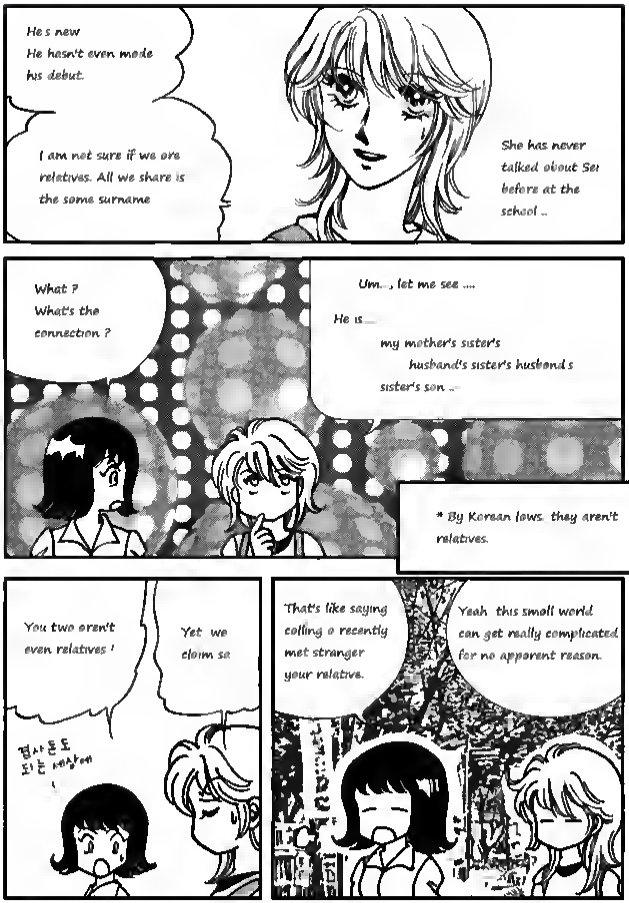


If I can get a job at the school and stay in the compus ... I can continue my education ...



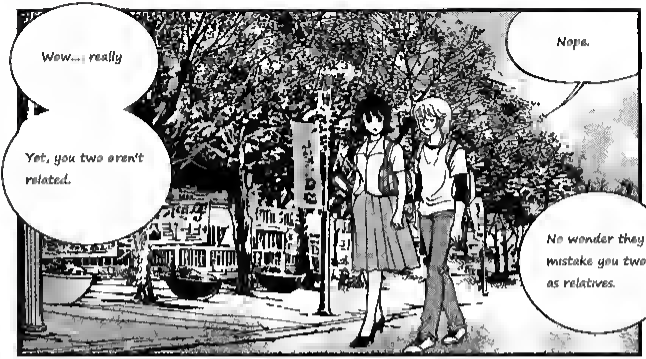


Ah ~, I want to buy a camcorder.
Making a short film for the class project isn't easy
Hey, my life is depended on this !
Oh, I heard one of your relative is a celebrity ?



He's new
He hasn't even made his debut.
I am not sure if we are relatives. All we share is the same surname
She has never talked about Se before at the school ..
What ?
What's the connection ?
Um... , let me see ....
He is....
my mother's sister's
husband's sister's husband's
sister's son ..
* By Korean laws, they aren't relatives.
You two aren't even relatives !
Yet we claim se
That's like saying calling a recently met stranger your relative.
Yeah, this small world can get really complicated for no apparent reason.

Wait a sec ..,
are you playing safe
in case he becomes
successful ?
Confess !
He's your
boyfriend,
isn't he !
Nope.
Strong rejection
is acknowledgement
Forget it.
What's the
guy's name ?
Even if I don't
tell you,
you will find
out soon.
What ?
Lee, Sera
Lee Sei
Sounds like a brother and a sister,
doesn't it ?

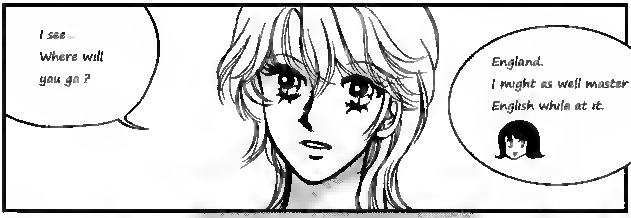


Wow... really
Yet, you two aren't related.
Nope.
No wonder they mistake you two as relatives.

They are gonna find out if he debuts with his real name.
Oh, have you heard ? Jeong Soomi is showing up in a TV commerical.
Really ?

She's on the same year as us now. We were going to ask her to participate in our film... She's going to reject most likely.
She's always with Seo Jeong, you know ? I think she's going to her team.
...
It must be hard.

We all came here with pretty much the same dream.
But I am starting to realize that if anything, I am going further away from my dream.
I plan to study aboard.



Will something change if I study aboard ?

Will my life change ?

Not that I have the money to accomplish that, but

I don't know ...
I guess .. I am just dreaming possibilitas There is nothing wreng with that... isn't there ?

The rent will be 150.000 won per month This is the cheapest room available in this area.
The room can be prepared for you soon also

150.000 won = 100 US dollar

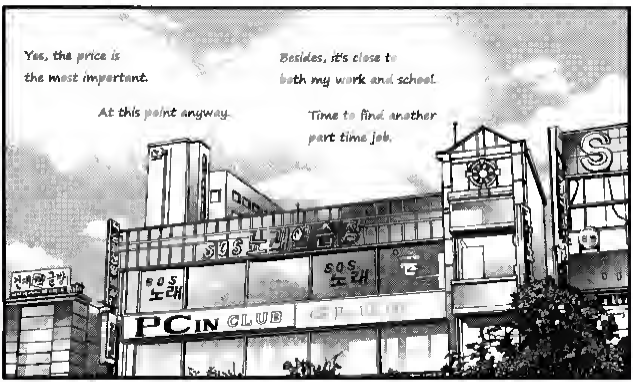
And especially at this price ..
I can add the extra money to my tuition cost

Mister, I will contact you tomorrow

This is the most inexpensive room. Unless you make a deposit I cannot guarantee its availablity

Um. , I will deposit 50.000 won. Is that okay with you ?



Yes, the price is the most important.
At this point anyway.
Besides, it's close to both my work and school.

Because I feel like we have an invisible bond between us.

He was pretty even as a kid, so he was asked for an acting job.

But, after he had a seizure during acting, he's never acted.

He didn't show much interest when he was asked by others later on ...

Then one day he declared independent and left his home.

That was last year

Yep, you do fit to be a celebrity

He passed an audition easily and is now a trainee.

He was always loved as a child
I was always envious of that.
However, his mother's addictive love toward him was ... actually scary
And he started to grow anti-mother tendency
If he was my boyfriend, I would be bragging to my girlfriends.

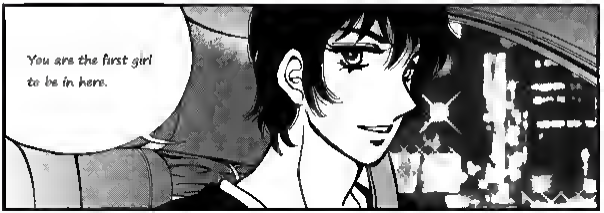
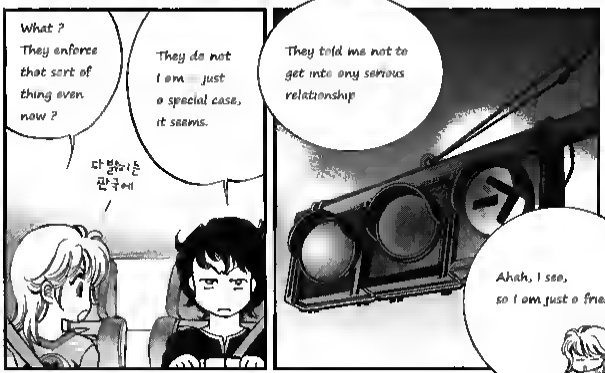
This is a sports car. Even though it is a used one, it must have been pretty costy.
Yep, cost me almost all of my contract money I've got it yesterday
The interior looks so nice, too.
And the engine is roaring literally.
Yep, no kidding. He tuned this baby to max by himself.



You are the first girl to be in here.

Hmph! I guess you didn't have time to let your girlfriends ride this since you've just got it.
No, no, it's not that. The agency told me to get rid of all girls.
So, I didn't have any girlfriends to call



What ? They enforce that sort of thing even now ?
They do not I am just a special case, it seems.

I know
I need to line my wheels. Hold on.

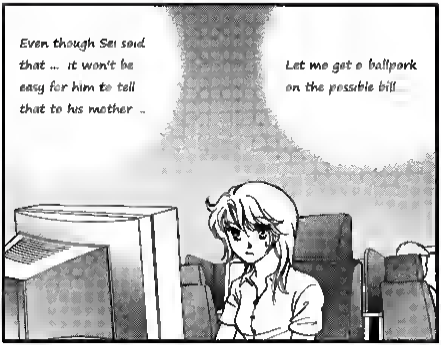
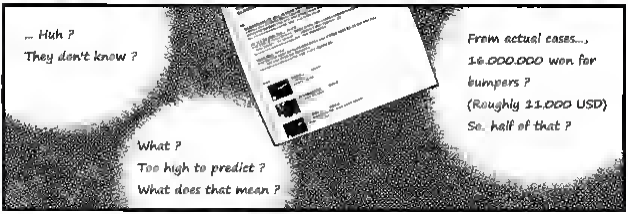
Yes, I will move out in 3 weeks.

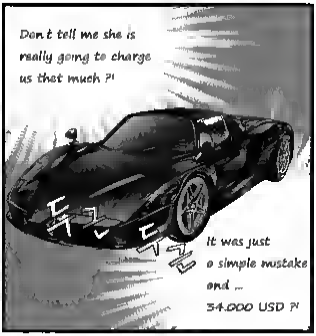


Even though Sei said that ... it won't be easy for him to tell that to his mother ..
Let me get a ballpark on the possible bill

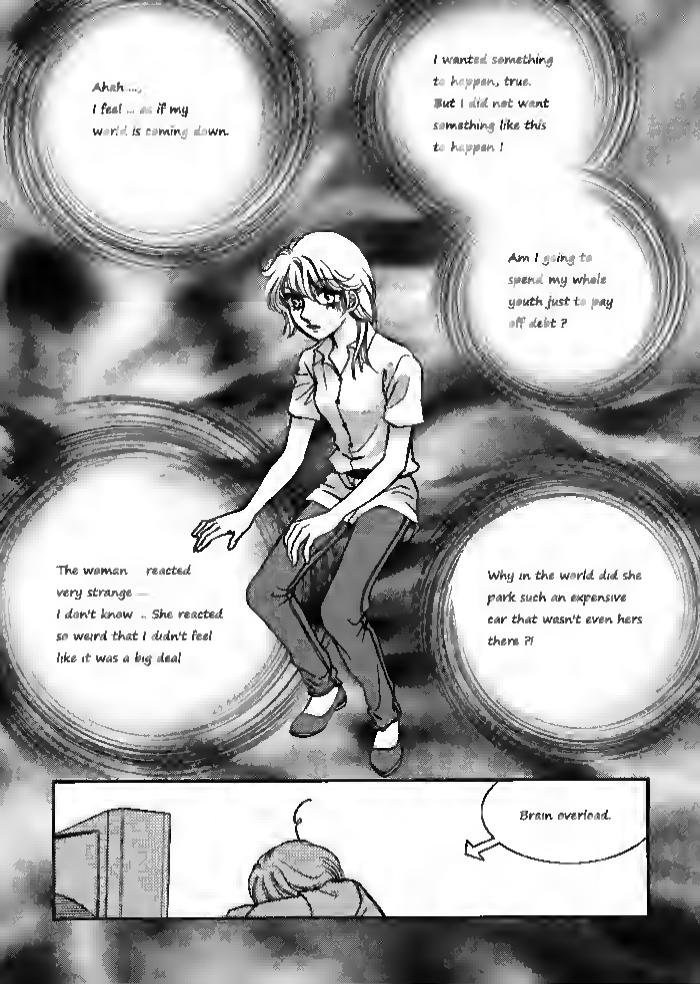


... Huh ?
They don't know ?
What ?
Too high to predict ?
What does that mean ?
From actual cases..., 16.000.000 won for bumpers ?
(Roughly 21.000 USD)
So, half of that ?

What ?!
Enzo Ferrari's bumpers are 50.000.000 won ?!
(34.000 USD)
Are you sure about that ?!



Don't tell me she is really going to charge us that much ?!
It was just a simple mistake and ...
34.000 USD ?!



Ahah...,
I feel ... as if my

But I did not want

Am I going to

Hmm. it is going to take long, so can we meet ?

It's a restaurant. I will be done by 10
Very well, let's meet at 10 by Heng university
Eh ?
Could you just tell me how much...

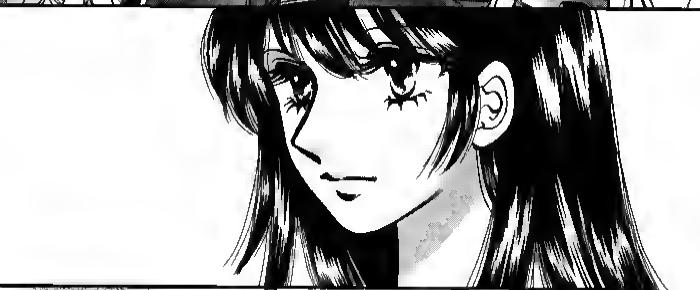
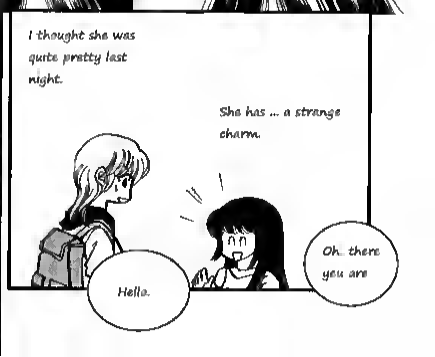
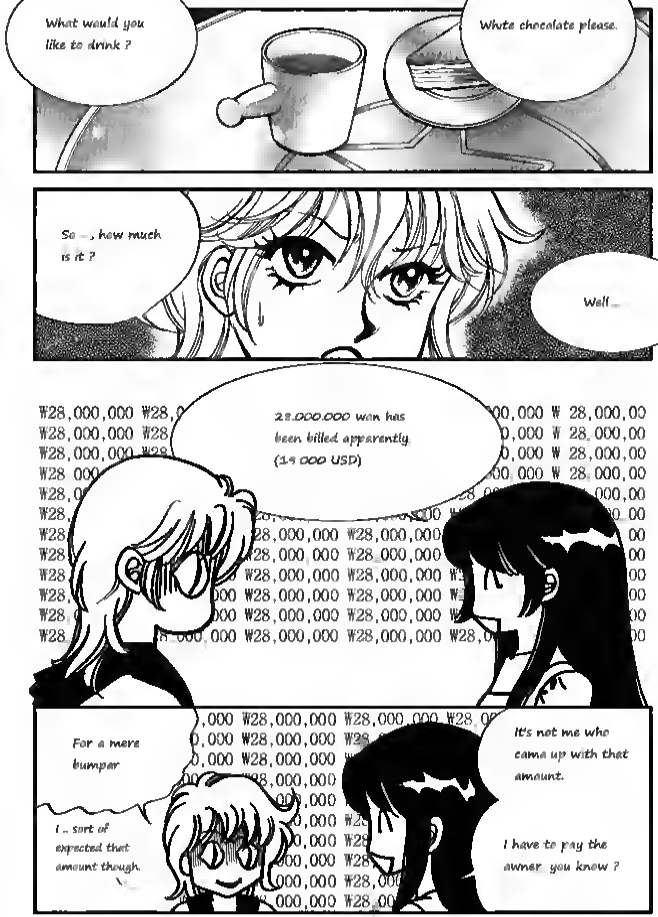
I will see you then.
Normally girls would rather talk to Sai instead
Did he turn off his phone ?
Yap, he did ...
She was right to have taken my number
It is unexpected that she's willing to wait though.
Hello ?
Where are you now ?
I am at a cafe. I think you know where it is.



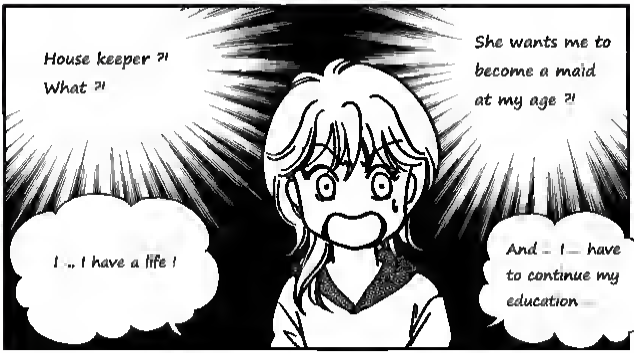


I thought she was quite pretty last night.
She has ... a strange charm.
Hello.
Oh.. there you are

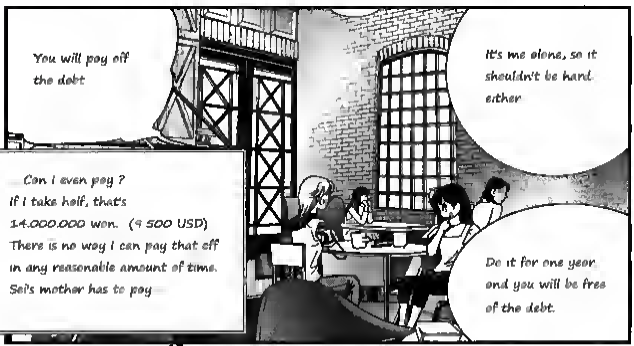


What would you like to drink ?
White chocolate please.
So ... how much is it ?
Well ...
28.000.000 won has been billed apparently. (14 000 USD)
For a mere bumper
I .. sort of expected that amount though.
It's not me who came up with that amount.
I have to pay the owner, you know ?

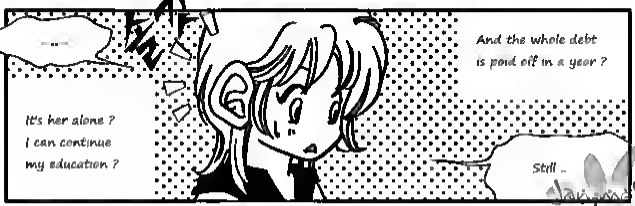
Don't you dare saying that while smiling brightly like that !!!
You are preventing me to realize how serious this is !
I ... um... I will talk to Sei and then — um contact you—
Who is she ?
Well, you see.
May I make a suggestion ?
Since he does not have a car insurance, he will have to pay from his own wallet.
Why don't I hire you as my house keeper to pay it off ?



House keeper ?!
What ?!
She wants me to become a maid at my age ?!
I .. I have a life !
And – I – have to continue my education



You will pay off the debt
It's me alone, so it shouldn't be hard either
Can I even pay ? If I take half, that's 14.000.000 won. (9 500 USD) There is no way I can pay that off in any reasonable amount of time. Sei's mother has to pay
Do it for one year and you will be free of the debt.



...
It's her alone ? I can continue my education ?
And the whole debt is paid off in a year ?
Still ..

I have come to Korea only recently, so I don't know anything here.
I figured I'd get along better with a friend.
"A friend"?
Are you referring me?
I don't get this woman sometimes.

Hahaha, it's a joke.
Well, we haven't exchanged our names, yet
I say this now
I suppose a small portion of the incident was my fault.
I shouldn't have brought such a car
My name is Yu Seol Hui

Ah... Ah !
The one I had a chat with at the website ?!
You are the one with the same birthday as me ?
Yep, it was me.
She knew where I live ...
How ... did you know it was me ?
She is .. weird...
I guess you don't know. But our mothers were close friends.
I knew that though.

What ... ?
I am very sorry, ma'am. The cancer cells are spreading too fast ...
Even if we do remove the cells, it is likely that we won't be able to completely remove it

There is still hope however You could go ahead with the surgery and remove the cells then continue being monitored
However there are some severe side effects with this method
Besides ot your age. 86. you risk your life by just having the surgery.

I have lived long enough I would rather not go for a painful and long treatment.

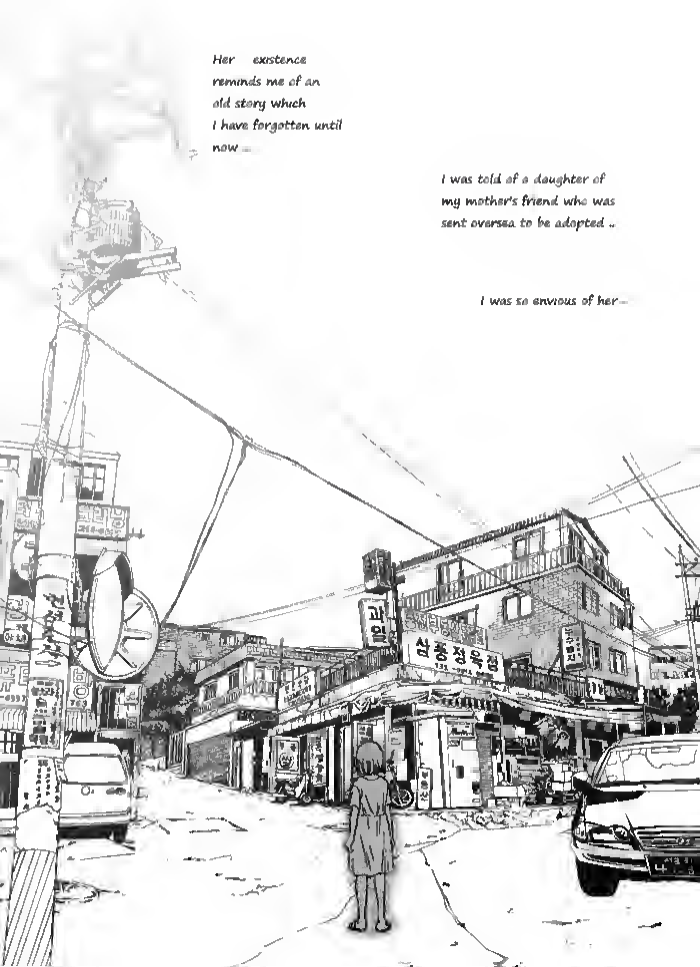
I have informed you of your choices It is up to you now
It is you who must decide
Yes, I will think about my choices

I see. so she finally entered Koreo from Japon ?
Yes, we managed to locate her from Japanese airline customer list.
Her whereabouts in Koreo is unknown still ?
No, ma'am We will inform you as soon as she is found.
Good work. Leave me be.
Yes, ma'am.
6 months, I have

Her existence reminds me of an old story which I have forgotten until now...

I was told of a daughter of my mother's friend who was sent oversea to be adopted ..

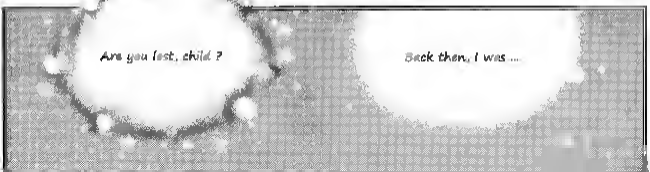
I was so envious of her...



What ? For real ? She came here to reconnect herself with her country ?

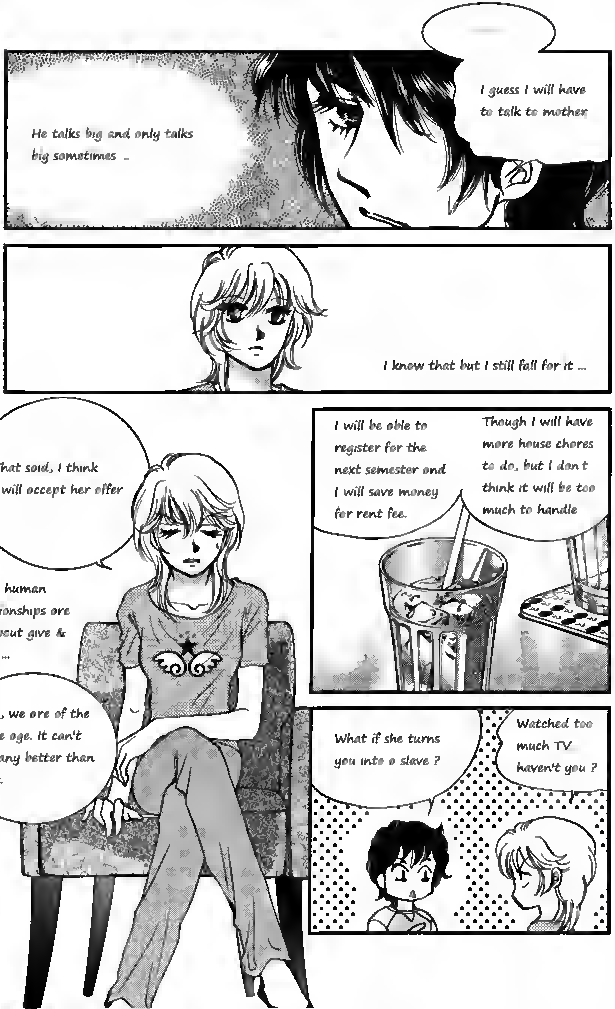
I don't know about that. What I do know is that I was told of her and her mother when I was a child.
It was when I was really young ... When someone brought something to mother ... I remember him talking about a mother and her child.

On that day, I got lost in streets.
It was the person who brought me to a police station...



Are you lost, child ?
Back then, I was ...

So, she come to see you
Pretty much.
Damn ! Then she should have reduced the bill !
Didn't you hear what I said ?! It is NOT her car, she said ! And you (mostly) and I are the offenders !
How are you going to pay 28.000.000 won ?!
And you turned your phone off ?! How dare you ?!
You are so powerful when you get angry without raising your voice.
You win!
I am sorry but I had other reason for turning it off
Yeah, that's you Sometimes you are unable to make clear decisions and tend to run away.
I think I must have missed the call on the list even ...



He talks big and only talks big sometimes ..
I guess I will have to talk to mother
I know that but I still fall for it ...
I will be able to register for the next semester and I will save money for rent fee.
Though I will have more house chores to do, but I don't think it will be too much to handle
What if she turns you into a slave ?
Watched too much TV haven't you ?
That said, I think I will accept her offer
Well, human relationships are all about give & take ...
Well, we are of the same age. It can't get any better than that.

Even if it does happen, what will do you, Mr No-responsibility ?
28.000.000 is the price on me
When I become successful I will make sure that I will make you happy
I am sorry
JANIMES.COM
Yeah, yeah whatever -
You say that to every girl you meet
Next time I see Seol Hui, I will call you Meet her properly this time.
And keep that phone on.
Alright ...
But, um ...

Well, you will find out eventually, so let me tell you.
Ah Young has returned to Korea again.
She contacted me , but since I was told to avoid any serious relationships, I've been avoiding her
She came back ? When ?
A month ago apparently
Why didn't you tell me earlier ?
I don't kow I don't want to talk about her, okay ?
Your cell phone number changed so she couldn't call you Even if she does call you and asks you to meet her don't alright ?

She says she wants to be a celebrity
She transferred to an acting class even.
Anyway I might change my number When I do I will let you know
Didn't you two break up ? What is it so complicated now ?
And why do you talk like she is a burden ?
She doesn't deserve to be treated like that
I don't know, okay ?!
Sigh fine, look.

The list is full of her call history ..

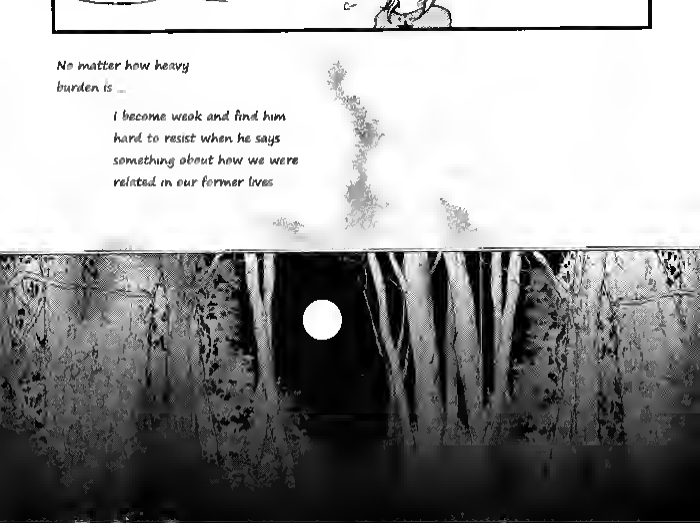
But why now .. ?
I didn't know she was this kind of person ... ?

I have to go. Call me when you set a time with her.
Buy a dinner or something.
Um ... what am I supposed to do with her ?
I will leave the entire stuff to you. I will pay you of course.
... It seems you are the one who's turning me into a slave.

No matter how heavy burden is ...

I become weak and find him hard to resist when he says something about how we were related in our former lives



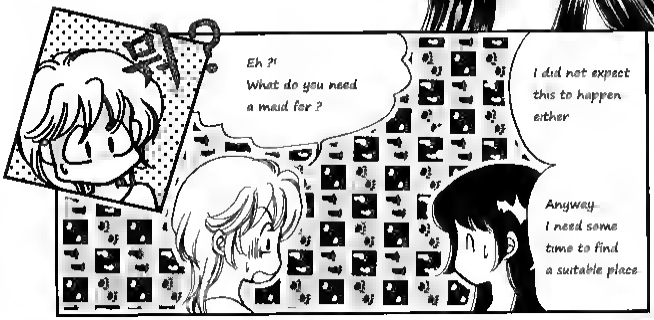
I am sorry...
What time is it now ?

Reincarnation
is it possible ?
다래

Did you bring me to a Korean restaurant purposely ?
Yeah_ Sei will be here soon.
Same age so decided not to use polite terms.
So, have you made your decision ?
Well, it is not a bad proposal for us.
And it's not a bad proposal for me, either
I think you could count on me. I've been living alone for many years. I know what to do when it comes to house chores.
Um, what did the car owner say ?
Don't worry too much. He has his own insurance
I see .... so.... when should I move in ?

I have to move out in 10 days.
And I need to cancel a new room I put a deposite into
Ah about that

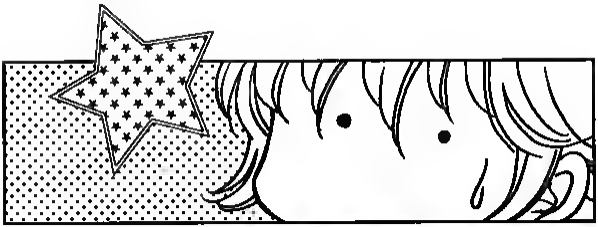
I haven't found a place to live yet.



Eh ?!
What do you need a maid for ?
I did not expect this to happen either
Anyway I need some time to find a suitable place

Hey, hey, if you don't find a place to live in 10 days, I will be out on streets !

I will find it as soon as possible
Where do you stay now ?
A hotel.
A hotel ?! Isn't that expensive ?!
Wow - a hotel ?
It is.
Isn't it too much for you ?
It is.
How much does it cost a day ?! We need to find a place for you soon !
If so... can I stay with you for a while ?

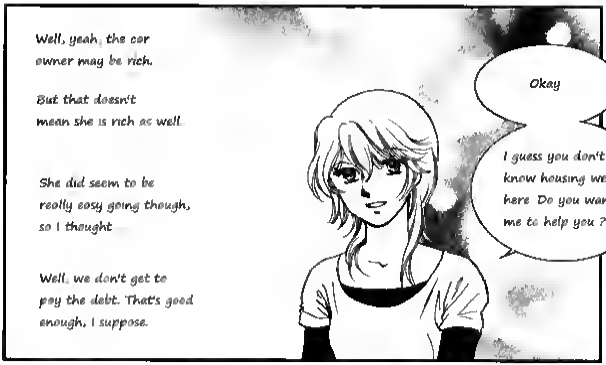


But the place I live .. is the dump you saw ..
Sure, why not Let's save money, eh ?

Oh, yeah, she did say she was looking for a place to live on that night
I guess hotels aren't as expensive as I thought they are.
Ah...

And here I am.. who was dreaming of a nice villa to live in
Realistically, I was thinking something like an expensive condo.
?

JANIMES.COM



Well, yeah, the car owner may be rich.
But that doesn't mean she is rich as well.
She did seem to be really easy going though, so I thought.
Well, we don't get to pay the debt. That's good enough, I suppose.
Okay.
I guess you don't know housing well here. Do you want me to help you?

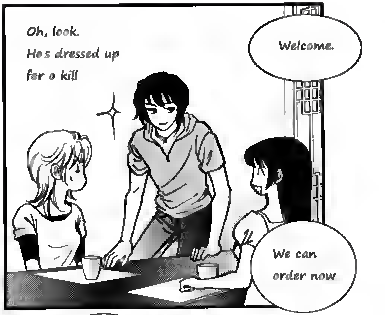
No, leave housing to me.
Just tell me which region to look.
Eh?
Well, I attend K university, so I'd prefer something near— or near where I live now.

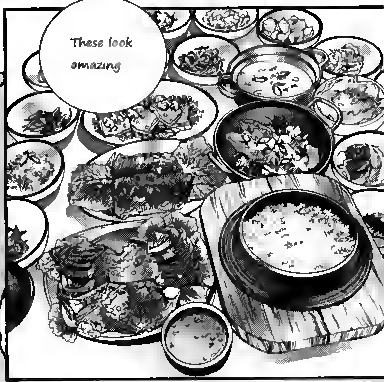
Okay, when can I move in?
Anytime, I guess.
Well, my dream has been shattered.
But, this doesn't feel so bad, either.

It is not easy to simply co-exist in someone else's home all of a sudden.

She is ... really easy going about everything

Sorry.. I am late.
"Ssi" Its usage is the same as "-san" in Japanese except that it is not as commonly used as -san.
See! Hui "ssi.. right ? Nice to meet you





By the way, who is the owner of the car ?
A relative ?
Nope ~, a business partner of some sort.
Anyway.. he will pay from his own insurance, and I will be moving in with Sera
Sei !
Ah .... is that so
Well, we are of the same age so let us not use polite speech
Whatever floats your boat.
By the way, have we met before ?

Huh ?
I don't think so.
I would never forget such a beautiful woman and a car.
Perhaps we knew each other in our former lives.
.....
What's with this girl ?
.....

You sounded a little too serious for a joke.
Well, you will find out as you spend more time with him
So, she was aiming for Sei as well ?
Still, that's a straightforward sheet
Sero, do you believe in former lives ?
Well, this guy here uses that as an excuse countless times so I don't feel like taking it serious.
He claims that we were a family in our former lives.
Well, I don't believe in it completely, either
I just wonder if anyone is able to recognize someone who one had a strong connection with.
I wonder if it is possible at all

If you let me drive your Enzo Ferrari, I will believe that we were a couple in our former lives !
See what I mean ?
Ahah –
Well, that was good.
I love good food.
I am glad that you enjoyed.
Sei brought his car, so he will take you home.
Oh, sure... where do you live ?
Ah, I need to buy something. Just drop me off in a downtown.

Actually, I had nothing to do

But I excused myself since she seemed to be interested in Sei ..., and he seemed to be interested in her as well

This ... is my habbit which I learned after spending many years with Sei

I know I am doing the right thing.

Still, it feels bitter...

Consider yourself extremely lucky
Consider yourself lucky that you were with Sera on that night.
If you were driving alone on that night I would have placed you in a prison.
And the bill would have exceeded way over 25.000.000 won.
What ... ?!

Is it just me ?
I am feeling a lot of hostility right now from you.

It's not just you
I did say we may have a connection in our former lives

But that does not mean we were on good terms in our former lives.
Though that still means we may have had a connection.

JANIMES.COM

Were you serious ?
Do you honestly believe that we knew each other in our former lives ?

I thought you were joking back at the restaurant
If not, well, nevermind
Is she playing with me ?!
What makes you think we had something to do in our former lives ?!
Are you insane ?!
Shaw me a proof !

The only proof I have is my dreams
I believe I saw you in my dreams.
Though I saw him various times who resembled much of you. still there is no clear proof that it was indeed you
Well, I figured so
But if you have the same dream -
That means we may have a connection from our former lives
Oh, I'd rather went you to prove that we have nothing to do in our former lives
Then I will be satisfied
Are you kidding me ?!
How can I prove that ?!

I understand that you don't feel like buying my story.
For me, it's only me who's seen it
But to me, it's just as real as it can get.
So, I cannot simply ignore it.
삐삐삐
I suppose I could get off here Thank you
It's red light.
Is this why you approached Sera ?
Just to tell me this ridiculous stuff ?
부릉

What are you saying ? I wanted to see her.
Our mothers were good friends.
It was just pure coincidence that you knew her.
Bye have a good dream.

I ask of you.
Please
Make me feel that
I am alive in this world....

Is she crazy ?
Did your mother really know her mother ?
She was damn serious about former lives and stuff !!!
She is insane !
No good can come out of having near her
Ignore her.
What about the debt ?
And -
She is already here, right behind me actually
What ?!
Hi~

What the hell happened ?!
Well, she decided to live here until she finds a place to live.
Angway you know, if you want to complain and demand
Get the money first !
BRAVO!
You Win!
You told him the former life thing again ?
Yes !

Well.. , I know it's not my place to tell you ..
But do you really believe in that ?
Oh girl I am serious ! There have been many cases as well
This book lists actual cases in India
This book lists cases in other countries where people actually moved in together
It seems that those who are born with memories of past lives tend to lose their memories after passing 10 years old.
.. , so you have memories of your past life and the one you see is Sei ?

Yes !
Who was he in your former life ?
That is the part I want him to recall
Does this mean she wanted to move in on purpose ?
I didn't think you'd come here so soon.
Well, there was nothing to consider All I have is this luggage.
So, I left.

JANIMES.COM

Okay, here is your spare key
I have a part time job, Monday to Saturday I work from 3pm to 10pm.
If you have to leave, please make sure that the door is locked.
How about meals ?
I ... have a part time job.
Ahah, so you are going to cook for me only when you move into my place.
I guess I will have to afford my own food.
She is ... really
You can have noodles.

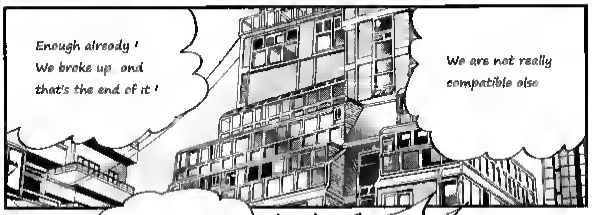
Ah.. yes.. noodles..
Maybe.. he was right. Maybe.. she is really trying to turn me into her slave.
So.., what are you going to do today ?
Well.. finding a place to live ..
And meeting the car owner ?
Good luck, ma'am !
Yes !
Have a nice day !
I don't get her really
She's confusing

Sei, there is a guest for you.
Who ?
A girl, a pretty one
Who's she ?
If you are going to go out with her do it secretly
Tell her that I am not here.
But I told her that you were here
Come with me then.

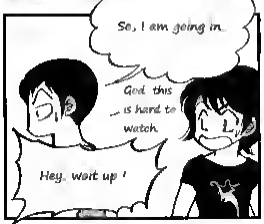
You changed your hair style
I am growing it again.
Why did you come here ? I told you that I didn't want to see you again.

Ahah ... excuse me now.
Stay ! We need to practice together anyway
Come on, what do you want ? I need to go soon.
Why are you being so mean to me, Sei ?
I came back just to see you again.
We broke up a year ago. There is nothing between us now
And I don't want to start with you again.

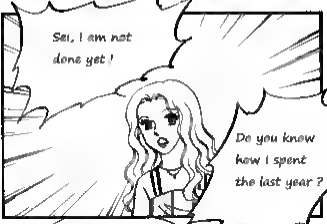
Don't do this to me, Sei
You know how I feel about you



Enough already ! We broke up and that's the end of it !
We are not really compatible else

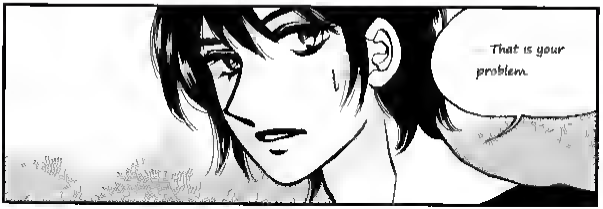


So, I am going in
God this is hard to watch
Hey, wait up !

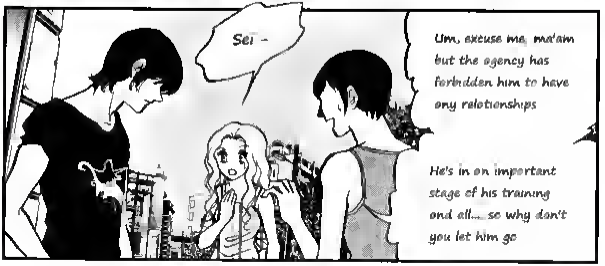


Sei, I am not done yet !
Do you know how I spent the last year ?

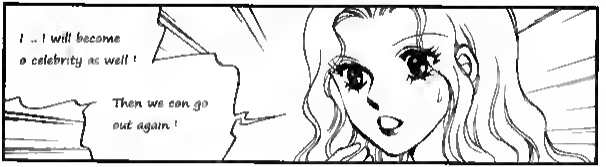
I hated you but at the same time, I missed you so much. I longered for you the whole time.
In the end, I comee back just to see you
And you are saying that there is nothing between us ?



That is your problem.

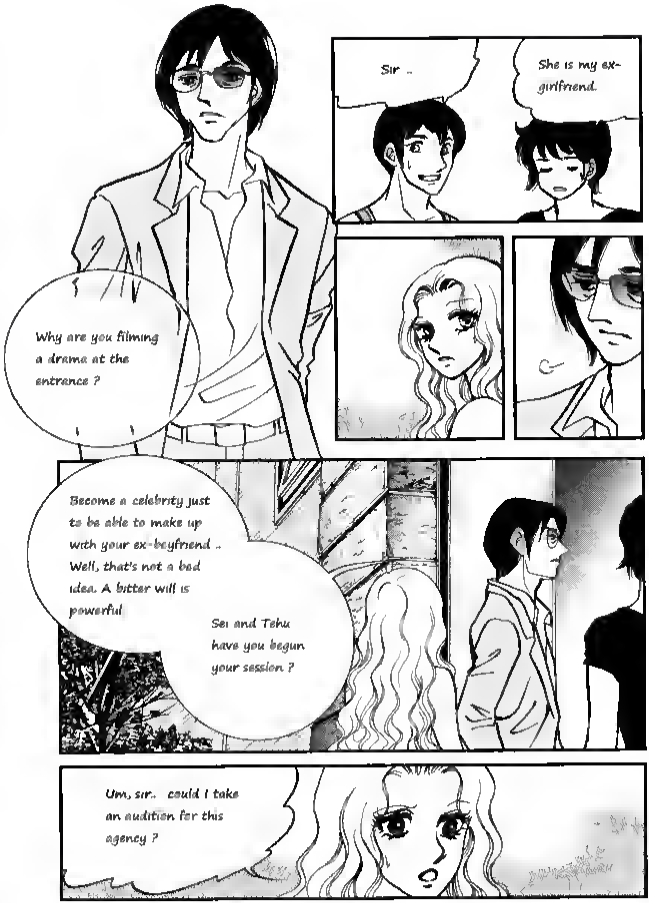


Sei -
Um, excuse me, ma'am but the agency has forbidden him to have any relationships
He's in an important stage of his training and all... so why don't you let him go

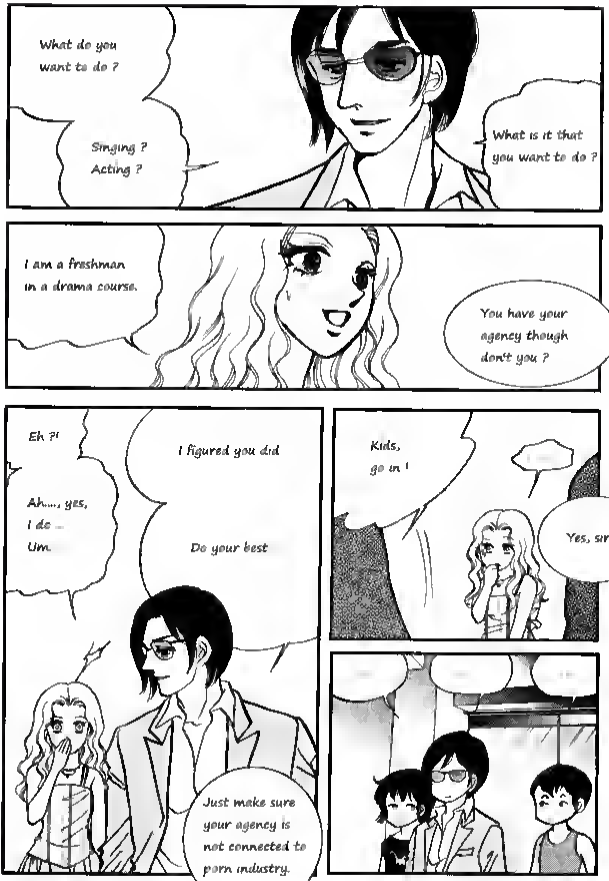


I .. I will become a celebrity as well !
Then we can go out again !

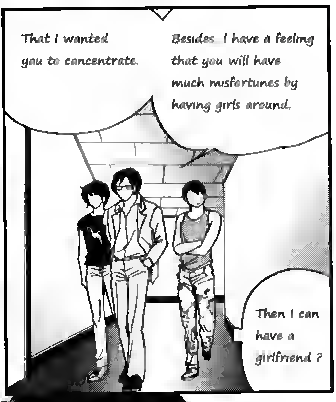
Kids these days.. you think you can just become a celebrity just because you want to ?



Sir ..
She is my ex-girlfriend.
Why are you filming a drama at the entrance ?
Become a celebrity just to be able to make up with your ex-boyfriend .. Well, that's not a bad idea. A bitter will is powerful
Sei and Tohu have you begun your session ?
Um, sir.. could I take an audition for this agency ?



What do you want to do ?
Singing ?
Acting ?
What is it that you want to do ?
I am a freshman in a drama course.
You have your agency though don't you ?
Eh ?!
I figured you did
Ah..., yes, I do... Um.
Do your best
Just make sure your agency is not connected to porn industry.
Kids, go in !
Yes, sir !

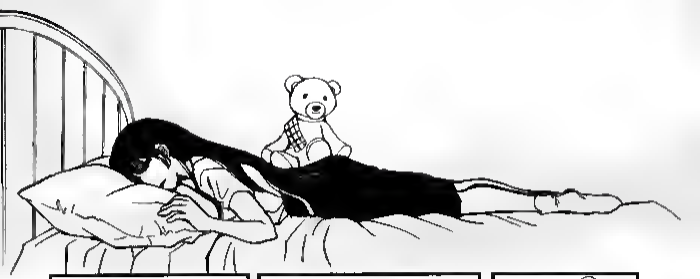


That I wanted you to concentrate.
Besides. I have a feeling that you will have much misfortunes by having girls around.
Then I can have a girlfriend ?

JANIMES.COM

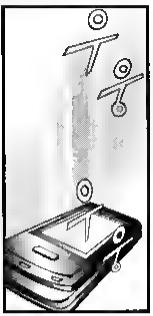
女難

Just do what we tell you ! Do you know how much money we are putting on you ?
The other two went out at the moment
Hey is the egency having issues ?
Who knows. Well, this is not a big company so I assume they do have financial issues
I hear that music industry is having big problems.
So, let's be successful ! Then our agency will earn money and we will be rich, too !
We can pick girls after then !
Yes Yes.
I am back.

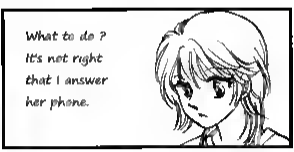


She must have fallen asleep while watching TV ...

Well, it's been a long time since I came back home and someone s there



Her phone

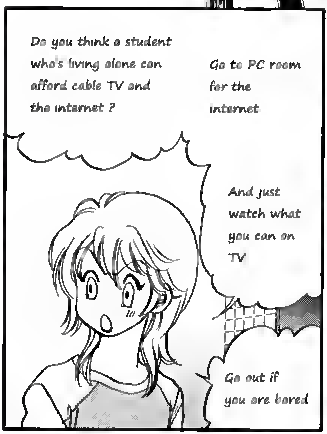


What to do ?
It's not right that I answer her phone.

Should I wake her up ...
Seol Hui, a phone call ..
Let me sleep ..
Huh ?
춘산이
Hehe - ! The name's Chun-San ?
The name sucks ! A nickname maybe ?

She's sleeping good ..
I can't relocate her.
She sleeps
like this .. everyday ?
/

Sera, don't you have a computer with an access to the internet ?
Your TV has so little channels also. Can't we get a cable TV ?
And it's boring to be home all the time.

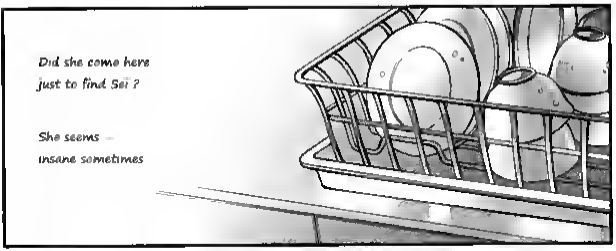


Do you think a student who's living alone can afford cable TV and the internet ?
Go to PC room for the internet
And just watch what you can on TV
Go out if you are bored

I am sick of ramen, too
I didn't force you to eat ramen only !
Can't you cook for me ?
BRRR

You eat all the good stuff from where you work !
And that is my fault ?
When will you find a place to live ?
쇼핑
Ah, I found a place to live
We move in after a month.
Oh, yeah ?
What ?!
Hey.. I have to move out of here in a week !
What will I do for the 3 weeks ?!
Eh?
Ugh !
I gave up the deposite on the new place I found !
You should have found a place that was ready !
Oh ?

Wont to go back to a hotel with me ?
What about my stuff ?
Can't you put them somewhere?
Storage places are expensive !
I should have never tried to work this out with her...
I cannot imagine how she grew up ...
What did you come to Korea for ?
To study ?
To get a job ?
Um...
I ... have a reason. I will tell you later
No reason.



Did she come here just to find Sei ?
She seems — insane sometimes

I will come up with a reason in a week.
Good to be always positive

부르르르
Not picking up ?
Ah, right
Did you see the missed call ?

I did
Is the name really Chun-San ?
Yes, it is.
It's someone I knew from Japan.
The person may come to Korea, so you might meet.
With such an old-fashioned name— why should I meet ?
Age is only 30ish.
How did he get such a name then ? I mean no one in our generation has such a name ...
Well, he is a Korean-Japanese. Maybe's that's why
Yeah ... ?

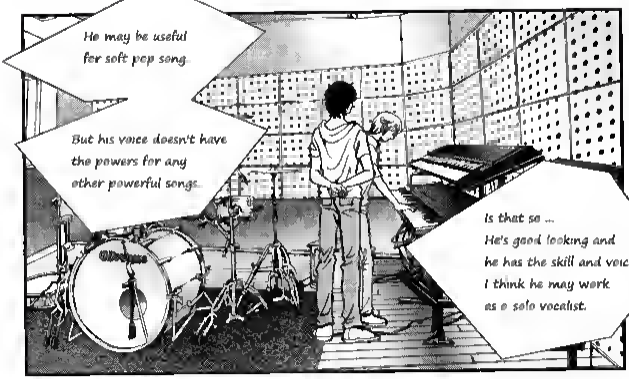
Where does Sei live by the way ?
He is living in a training camp with others.
He's trying to make a debut. I think he is quite serious.
And he's quite lucky as well
Not many gets to make a debut after only 2 months of training
Many don't even get to make a debut at all.
Well, I am leaving
Do you think he will be successful ?
How should I know ? All I can do is hope for the best
He's been lucky so far
I am not sure if he will be a big celebrity. But I do think he will be able to make a living

JANIMES.COM

I've always compared my bad luck
with his always good luck...

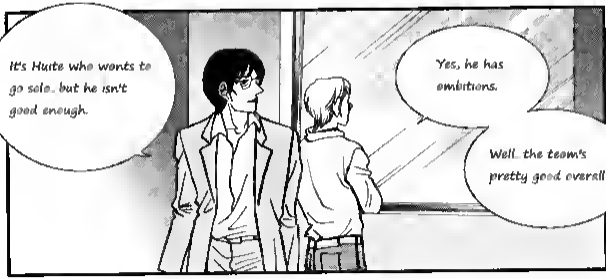
But there is no jealousy

I just want him to be
successful



He may be useful for soft pop song.
But his voice doesn't have the powers for any other powerful songs.
Is that so ... He's good looking and he has the skill and voice. I think he may work as a solo vocalist.

The problem is that he doesn't have the will
We can't push him forever on a carrer path he doesn't have passsion in.
I am going to place him in a band and hope that he will find his passion.

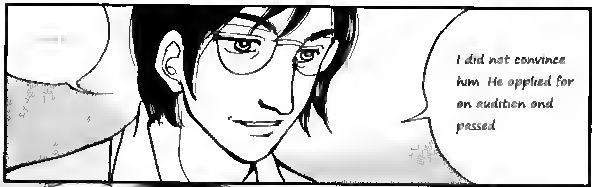


It's Huite who wants to go solo, but he isn't good enough.
Yes, he has ambitions.
Well, the team's pretty good overall

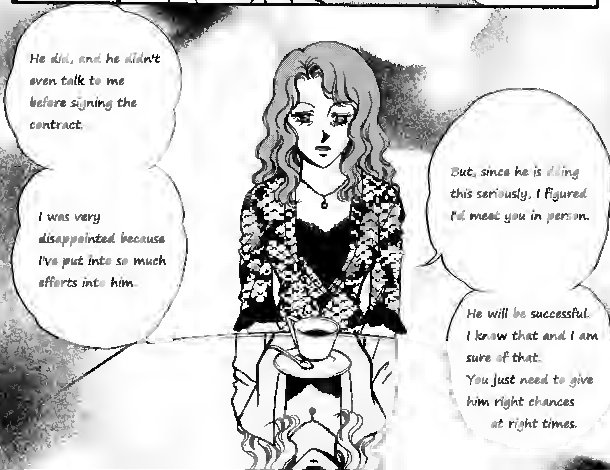
After Riki moved to another agency, it's been hard. This has to go well
He has been cast as a main character in a drama
Sir, a guest's here
Sei's mother ?!
Yes, she has talked to the manager numerous times so far
But she has been insisting to see you in person.
She visited you while you were away also.
Bring her to my room.

Ah -
Hello, I am Sei's mother.
Nice to meet you Ma'am. do you have a problem ?
I believe my manager has told you everything
No, there is no problem.
I just wanted to greet you in person.

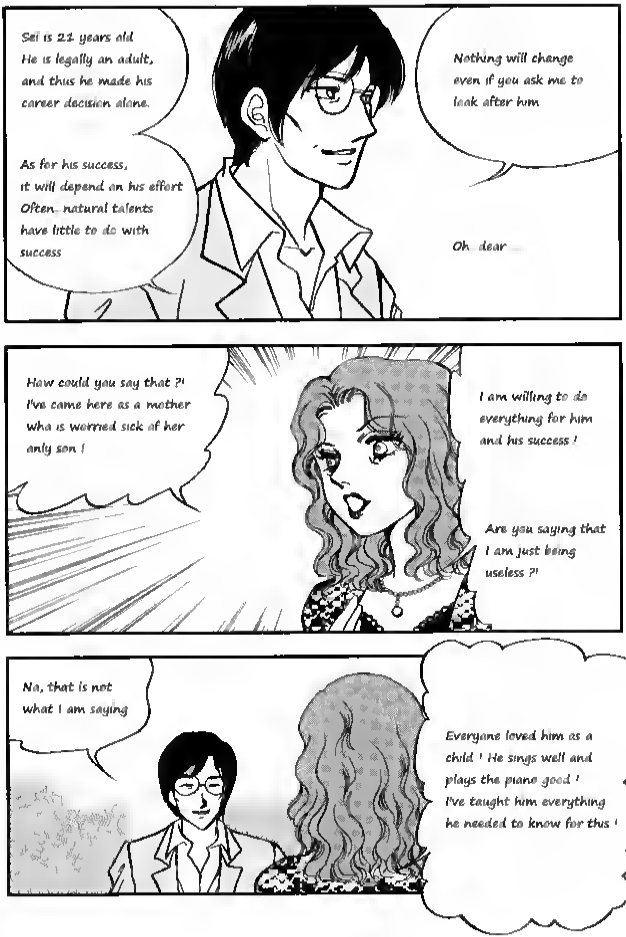
I don't know how you convinced him to do this.
I've tried to convince him in the past for many years with no success.
You do know that he has the talent, do you not ?



I did not convince him. He applied for an audition and passed.

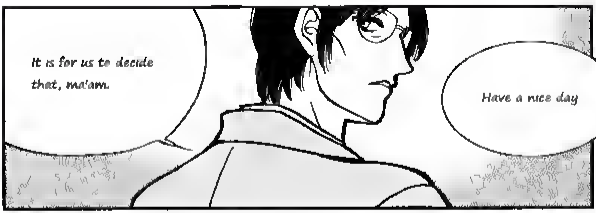


He did, and he didn't even talk to me before signing the contract.
I was very disappointed because I've put into so much efforts into him.
But, since he is doing this seriously, I figured I'd meet you in person.
He will be successful. I know that and I am sure of that. You just need to give him right chances at right times.



Sei is 21 years old
He is legally an adult,
and thus he made his
career decision alone.
As for his success,
it will depend on his effort
Often, natural talents
have little to do with
success
Nothing will change
even if you ask me to
look after him
Oh, dear ...
How could you say that ?!
I've came here as a mother
who is worried sick of her
only son !
I am willing to do
everything for him
and his success !
Are you saying that
I am just being
useless ?!
No, that is not
what I am saying
Everyone loved him as a
child ! He sings well and
plays the piano good !
I've taught him everything
he needed to know for this !

She is exactly like Sei told me...
Yes, of course.
Please leave it to us
I need to be excused
Ah... actually, I did come here with a request. Can... Can you make Sei stay at home instead of here ?
He's my only child. I am worried...
I cannot do that. Everyone needs to be treated equally as a team.
My manager here will answer rest of your questions.
That, I want to ask.
Why is my child not a solo vocalist ?



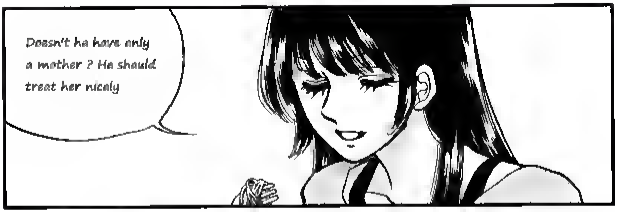
It is for us to decide that, ma'am.
Have a nice day

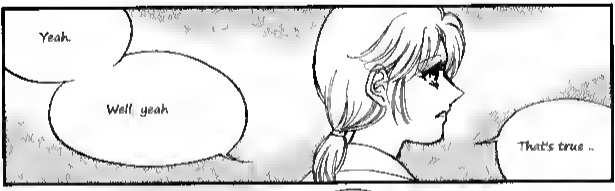
Ma am please talk to me.
Can I see him right now ?
No ma'am but he will be free after 8pm.

Now I can see why he was dying to leave his home...

GAZ

What ?!
She's there ?
Hey, I am at work. I answered it only because there is no customers at the moment.
I see. but I can't go
Just .. meet her and send her away.
Yeah...
Eating dinner
Not a customer ?
Is that Sei ? What's going on ?
Yes, it was him. His mother's at his camp .. He wants me to come and meet his mother
Sei... he's having some troubles confronting his mother recently



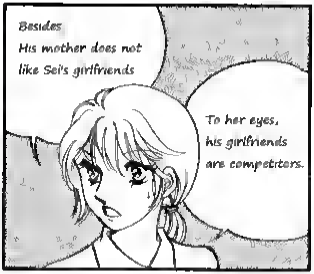


Maybe ...

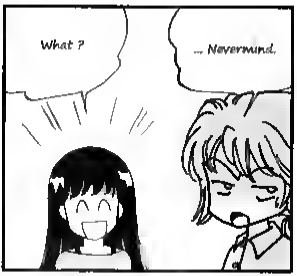
This is where Sei and I have common with ...

JANIMES.COM

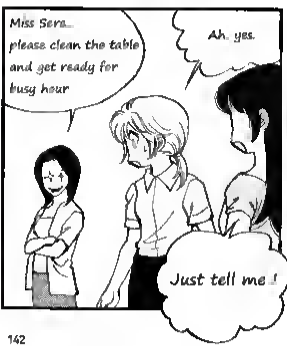
I will go.
She may be my future mother-in-law
Hold it right there ! You don t know how his mother is !



Besides
His mother does not like Sei's girlfriends
To her eyes, his girlfriends are competitors.



What ?
... Nevermind.



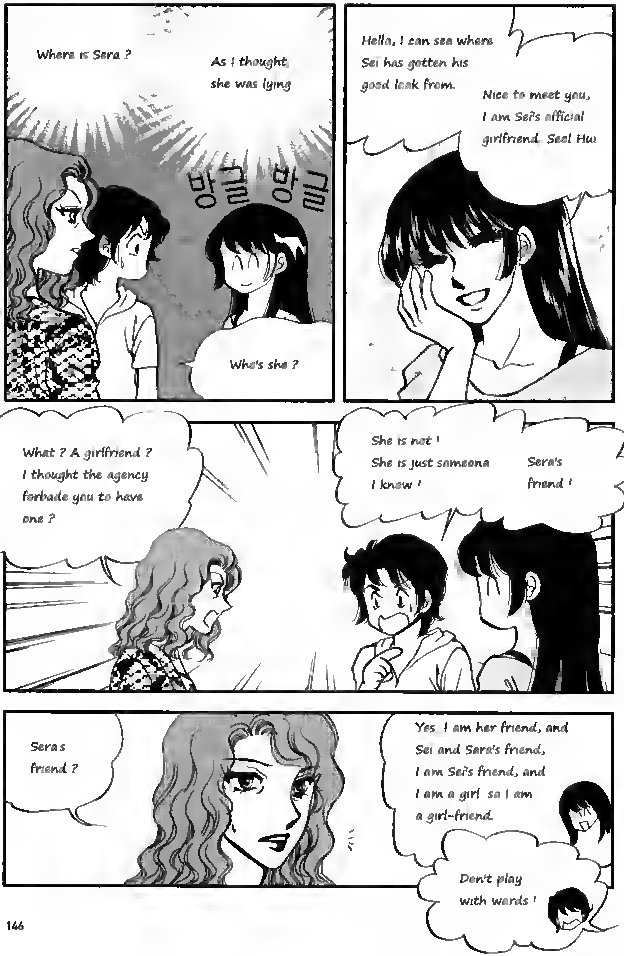
Miss Sera... please clean the table and get ready for busy hour
Ah. yes.
Just tell me !

Be quiet
Miss Sera ?
Tell me !

It's called "Planet Entertainment"
I give up
Go there and ask around
Thanks~
What is she going to do ?!
Why won't you ever call me ?
I've called you numerous times and you never answered.

I called you back later, didn't I ?
I am busy and you know that
You visited the president of the agency, you went too far
Well, I was wondering how you were doing
If something happened, they would have called you
I still wonder why you have to stay in the camp
Can't you visit home during weekends at least ?
I practice during weekends, too
To be honest, I don't like that agency
You can enter a much better one Why do you have to be with them ?
Ah, mom.
I got a call

Yes, hello
Nice timing !
Hello Sei where are you ?
What ? Who are you ?
Me Seol Hui
What ?
I am with Sera. Where are you ?
With Sera ? I am in a cafe in front of the agency
Yep I see you Be there in a sec.
What ?
Hello Sei's mother



Where is Sera ?
As I thought, she was lying
망글망글
Who's she ?
Hello, I can see where Sei has gotten his good look from.
Nice to meet you, I am Sei's official girlfriend. Seol Hui
What ? A girlfriend ? I thought the agency forbade you to have one ?
She is not ! She is just sameona I know !
Sera's friend !
Sera's friend ?
Yes, I am her friend, and Sei and Sera's friend, I am Sei's friend, and I am a girl so I am a girl-friend.
Don't play with words !

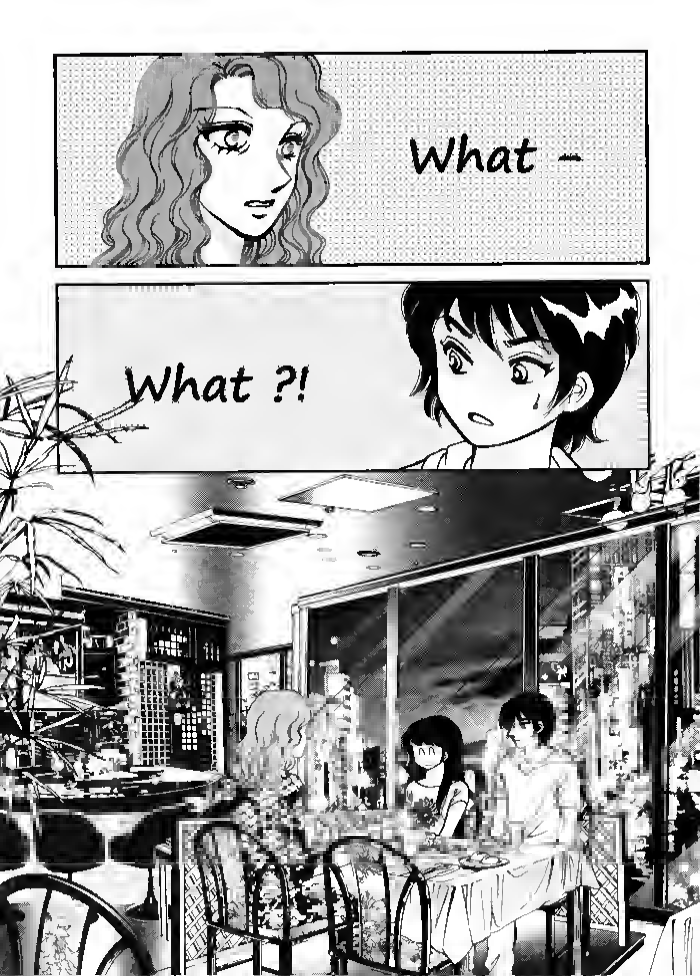
Anyway, we were about to leave for dinner
Meal ? Could you take me with you ? A meal I had a moment ago wasn't enough.
Okm?
Please ?
Mom just— let her tag along
Well, at least it's easy to change the topic now
I see. so you came from America after having been adapted.
A daughter of a friend of Sera's mother— Yes, I've heard of your mother
Did you have a hard time ?
Well, not really
Though I have a problem now

Currently, we have a place to move in, but that is only possible after a month. Her current place expires in a week, so we have 3 weeks of time where we have no place to stay...

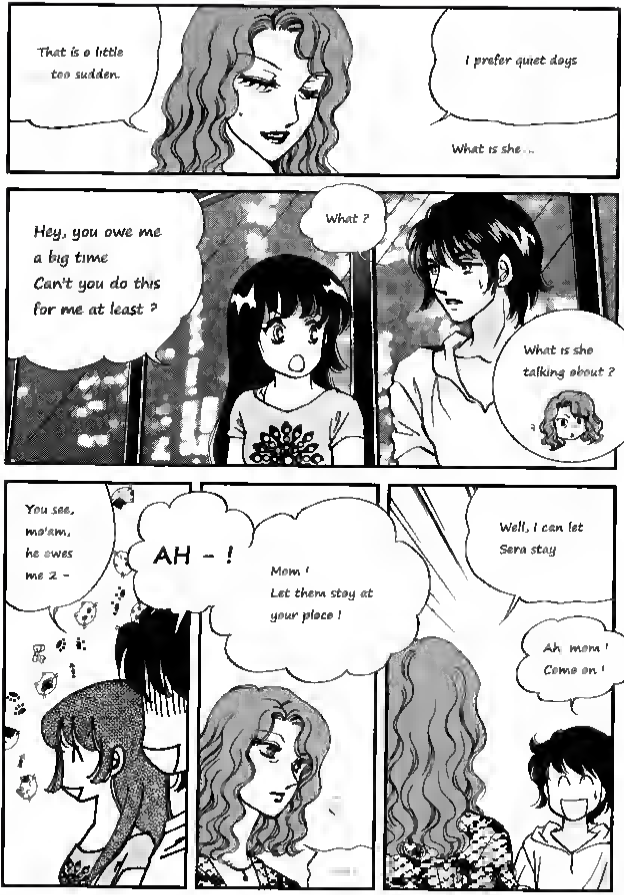
Is that so ?

So ~
Sero didn't tell me anything...

Could we stay at your place for 3 weeks ?
I was told that Sero stayed there once before ?



What -
What ?!



That is a little too sudden.
I prefer quiet days
What is she...
Hey, you owe me a big time Can't you do this for me at least ?
What ?
What is she talking about ?
You see, ma'am, he owes me 2 -
AH - !
Mom ! Let them stay at your place !
Well, I can let Sera stay
Ah mom ! Come on !

Please ... if you do this... I will try to visit home often.

I will sleep at home at least once a week.

Are you saying ...

... Fine.

Stay at my place.

Yay thanks !

Sera will be glad !

She won't

How can he do this to me ..

He says he doesn't know her really and yet sits next to her

When I asked him to visit home numerous time, he wouldn't yet he agrees so easily by her request ..

Does he have any idea how I raised him ?

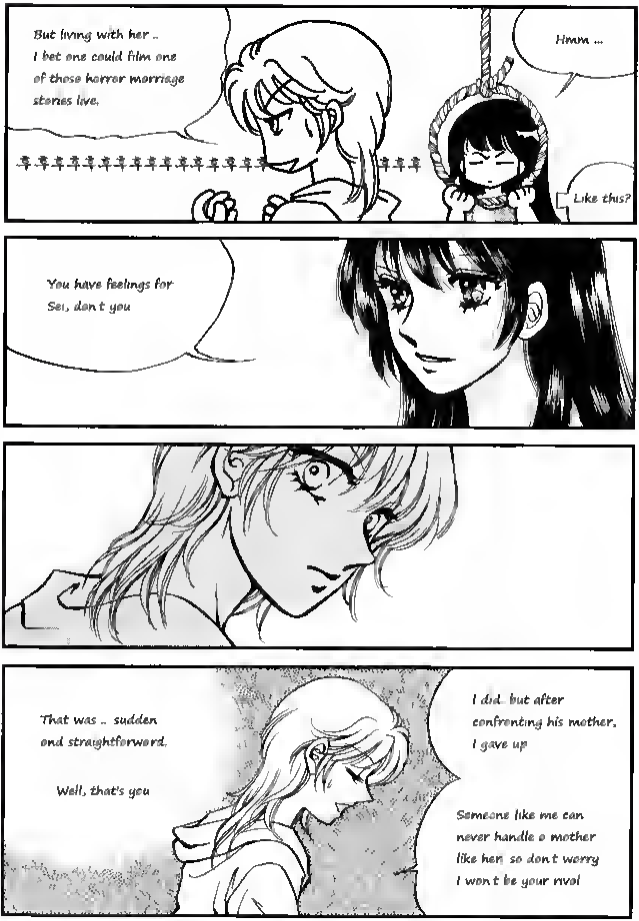
JANIMES.COM

I didn't want her to know about the debt, and if she did find out, she'd have paid that.
And, if that happened it would have become harder to refuse her
What the hell is she up to ?
Do you really want to stay at my home ?
Well, my fear came true.
I don't think I can change that now.
Visit home often while we are there.
She holds the bomb I don't know when she will say about the debt all of the sudden.

Talk to you later
What is she thinking ?
I am not sure if she solved the problem...
Going back to that place again ?
I didn't think that would happen ever
GOSSCHHH!!
After she came into our lives ...
Surreal events are happening one after another...
It's ... not bad

It's not like these events will continue to happen.
It's on 16th floor ? Nice view !
Is this room for us ?!
This is Sei's room.
Use the next room.
There is another empty room but it has no bed and I am using it as a storage. One of you may use it however.
Let's just use the same room, Sera.
Okay ...

Is that all your belongings ?
Yes, I said everything and only brought clothes and a few books.
Thank you again Sera is a good cook.
She doesn't need to I have my own team of house maids.
Just be quiet, that is all
Yes, thanks.
... Very well
Does Sei plan to live with his mother when he gets married ?
Who knows.



But living with her ..
I bet one could film one
of these horror marriage
stories live.
Hmm ...
Like this?
You have feelings for
Sei, don't you
That was .. sudden
and straightforward.
Well, that's you
I did. but after
confronting his mother,
I gave up
Someone like me can
never handle a mother
like her. so don't worry
I won't be your rival

Won't there be negative side effects if one has feelings that one could never let out and be acknowledged ?
What .. kind of question is that ?
It was a long time ago
I've spent pretty much whole life with him.
That was .. just rude
Besides, we are now a family
Well, there is a guy I am paying some attention now
But there hasn't been any advancement.
Ah.. right I've forgotten about him until now

Really for real ?
You didn't show
any signs, so I didn't
know Who is he ?
In the same school,
I suppose ?
Yes...,
he is my
seonbae.
So much have been
happening that
I forget about him
completely
I wonder what type
of girl is his favorite.
Do I even stand
a chance ?
He said he'd buy
me a meal
Maybe I should give
him a call when
I register for the next
semester...
And see how it might
go from there...
I am home ...

싸늘~
Watching TV still
What is going on ... ?
Looks like she's been home all day ?
반듯
Sero ! Why didn't you tell me that she'd stay at home all day long ?!
She was sleeping at her room after breakfast then she was sleeping in the living room after lunch !
When I tried to get some rest she had TV volume so loud !
It was only volume 5
Not only that she tried to enter my room to browse the internet !
PC room is too far from here
바쁠 텐데!
I know she was grown in a foreign country, but she is just too rude !

Mom, we are living in the same place now Let's get along shall we ?
Don't call me "mom" It's just not right
흥!!!
I know that Sei's mother is a blunt person, but Seol Hui may be just as blunt as her
I will call you modom then.
Just call me Sei's mother !
I cannot believe that Seol Hui is battling Sei's mother on an even ground ..
Please be easy on her She is a little .. unique.
"A little" ?! Very much so !
Go to PC room for the internet
Weather is too hot ! I don't wanna walk there !
Fine, FINE ! I will let you use Sei's PC

Thank you... Sei's mam ! You are the best !
That was ridiculous af her ... But ... I envy her !
I mean ... how many people can demand to a complete stranger like that and actually succeed ?
Can I use now ?
Tomorrow
I could never !
Don't you find Sei's mother hard ?
What ? Not really
It became only harder for me during my 6 months with her ...
It's probably only her due to her unique character ... I know everyone has a hard time dealing with Sei's mother...

JANIMES.COM

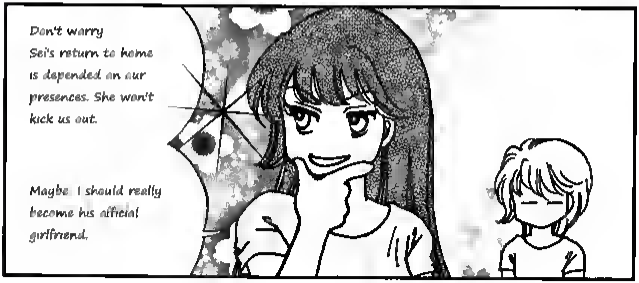
Maybe it's because of my current mood
Being in here again ... brings back memories I had when I was in here last time
I was a high school senior back then .. and I continued to have dreams only seen in TV drama ..
I think ... it's Sei ...
Who made me woke up from having such dreams
Love and eventually marriage aren't something that can be done with only feelings
Hi, Pearson!
So far it goes? yeah—
Um. , yeah, I need to study English else
Painful reality.

Yes, I bought a house and a car
I will move in 3 weeks.
Why did you buy another same car ?
Well, something happened.
Marcus ?
No, he hasn't called me yet
No need, I will meet him when he comes to Korea.
Well ...
I think I may have but it's not certain yet
I did tell you that nothing about it was certain ...
Yes, I will call you if I need you

?
What is it ?
An hour a day, can you teach me English ?
과외비! 절약

I don't wanna say this to myself, but do you really think I can teach ?
Besides I don't wanna.

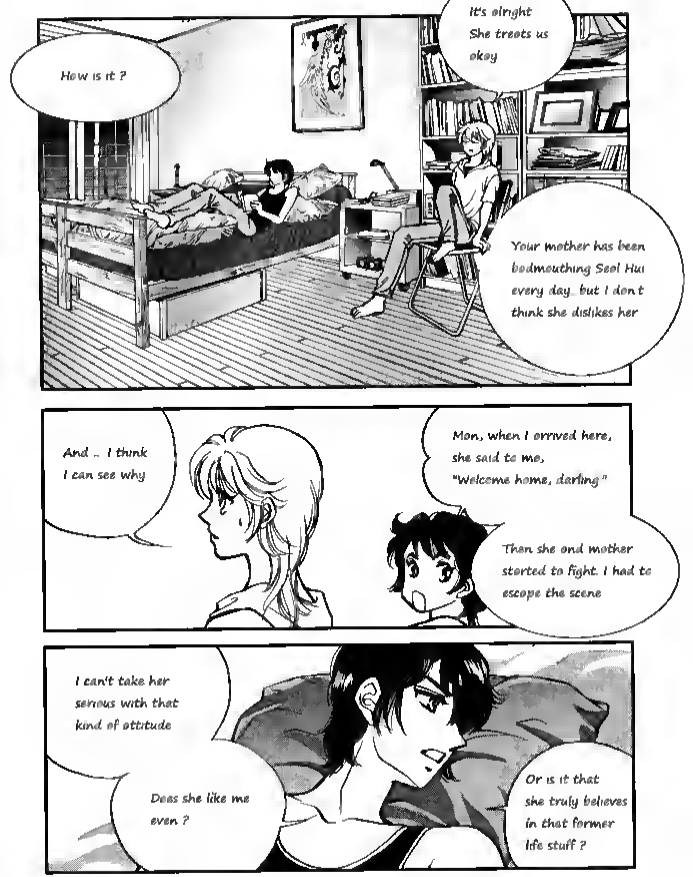
She's right.
Anyway, be careful Sei's mother is quite sensitive. I don't want to get kicked out now



Don't warry Sei's return to home is depended on our presences. She won't kick us out.
Maybe, I should really become his official girlfriend.

I don't think I need to work on him though.
I mean we are fated to fall in love with each other!
Hahaha..just being together for long enough will work!
하하하
개뿔이-
Meh.
Sei is not that easy..
Well.., he is easy in a way though..
I am back...
Welcome back.

Population of this place seems to be increasing everyday ..
Hello. Sera, Sei brought some watermelons Have a bite.
Come on.
Well, yeah, the food is good here.
And the apartment is top quality also.
Let's go to a buffet
With everyone ?
Well... yes.
Yay, buffet !



How is it ?
It's alright
She treats us okay
Your mother has been bedmouthing Seol Hui every day but I don't think she dislikes her
And .. I think I can see why
Mom, when I arrived here, she said to me, "Welcome home, darling"
Then she and mother started to fight. I had to escape the scene
I can't take her serious with that kind of attitude
Does she like me even ?
Or is it that she truly believes in that former life stuff ?

Even a moment ago.. she came to my room and left these books for me to read.
She told me that I must come to realization.
I don't know
Well, I am not going to go out with her now
Though I must say that she entered into our lives seamlesssly

Yeah ..
That's .. very true....
None of these cases are from Korea Can I believe these even ?
대충대충
ZZZ

Hmm -
Huh ? Who's there ...

Hey, what the hell are you doing here ?!
She startled me !
Did you even knock ?
휘이
Oh, mon ... I have to lock windows and doors tight at home because of her ?
She is not sane
What are you doing here ? Do you want to make a horror movie or something ?
No. I was just enjoying Moon.
Do you have any memories related to Full Moon ?

JANIMES.COM

Stop talking gibberish.
Leave before I really get pissed off.
If you can't recall, that is fine.
But I want you to recall those memories no matter what soon
Even if it does not truly exist in you

What ?
What is she talking about ?
Talking about that former life crap again ?
Do you realize that you are insane ?
What kind of proof do you have for me if at all ?

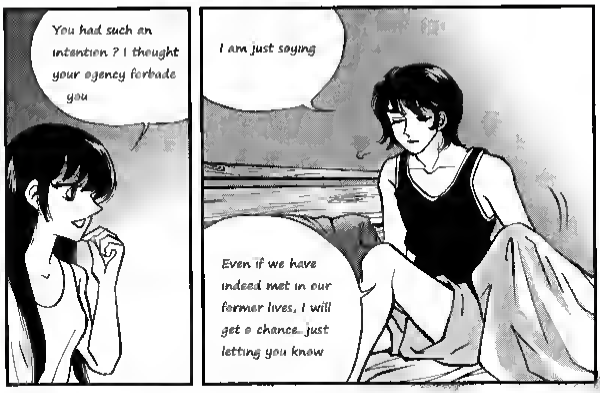
I still see him in my dreams.
You resemble him. For that I cannot just ignore you
That is the only proof I have.
God ... this is so stupid ...
Perhaps you saw my picture somewhere ?
I don't think I have anything to do with you at all
I grew up in America
And you haven't even made your debut
Why has she become logical all the sudden ?

When I saw your picture while I was seeking Sera on the Internet,
I felt that you might be the one.
So, I want you to confirm that.
So, you are interested in me only because of that former life crap, right ?
So, if it is proven that I am not the one... ...you won't bother me like this, right ?

Likely so
How should I prove then ?
All it took you to behave like this was mere resemblance. How should I defy that ?
I will back off if you do not have any dreams that are related to me for 3 months from now

What ?
또 입 아니?
Memories are like leaves in a dense forest. There are layers of memories in one's mind.
The older a piece of memory is, the harder to get it up to top, but giving it a constant shock may just work to get it to surface
You ...

That actually made sense. Good one
Thank you
But, if you recall something that is not related to mine. that'd be an end as well
Why don't you -
Just ask me to go out with you ? Wouldn't that be easier ?
What you are trying to accomplish is basically obtaining a boyfriend, no ?



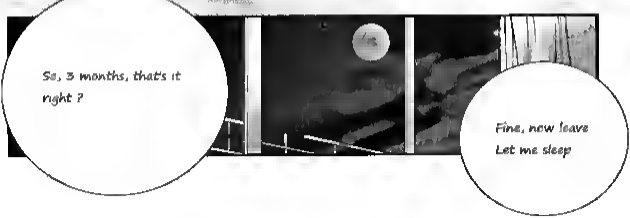
You had such an intention ? I thought your agency forbade you
I am just saying
Even if we have indeed met in our former lives, I will get a chance. just letting you know

She is confusing

She sounds so childish at a time.

Then. she suddenly makes sense

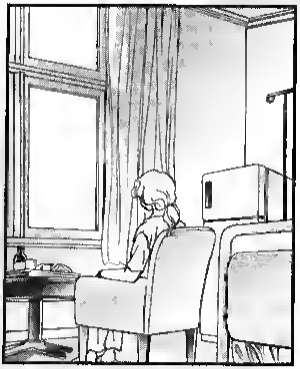
Well, I did think that she was interesting



6 months.
What ? Why ?
I like you now
Yeah, yeah whatever
Good night
Don't jump on me

I am just looking at you.
And I am wondering if it is really you
Good night.
What, that means she is not even sure.
The only reason she is doing this is because I resemble some guy she saw in dreams.
And she is not even sure that if I was on a good term with her or not.
Is she doing this only to attract my attention?

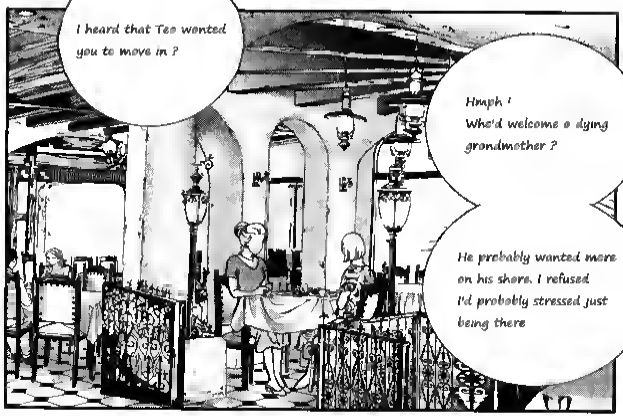
Ach
I don't know ...
I might turn into a weirdo like her if she keeps brainwashing me ...



This tastes so dull
Mrs Clara, your family is here.
I have my will ready I won't change it now
I did not come here to discuss that. I was told that you are going to travel ?
Why don't you spend time with us instead ?
Do you think I will change my will if I do that ?
Please, stop talking like that !
I am worried that is all !
Forget it ! I've planned this for a long time !

I've sought out my options and doctors' opinions. I am too old to go through possible treatments This is it for me.
And I don't want to lose my hair due to the treatments.
I'd rather die enjoying my life to its last.
But why do you even want to visit Korea ?
You said you are going to travel ?
..
Who knows what kind of treatments Asians may have
Something might just cure me.
...?
Do you plan to continue seeking a cure then ?

The doctors have already given up treating me.
I will do what I want now
Please come back to us when you change your mind.
We will wait for you
Paris
Ah. I've always loved food from this place.
Paris is my favorite.



I heard that Teo wanted you to move in ?
Hmph ! Who'd welcome a dying grandmother ?
He probably wanted more on his shore. I refused. I'd probably stressed just being there

I understand that Teo had been a bad boy for many years, but he did manage to get back on his own feet eventually
Hah.. do you know how much shame he had placed on me ? I've had enough.

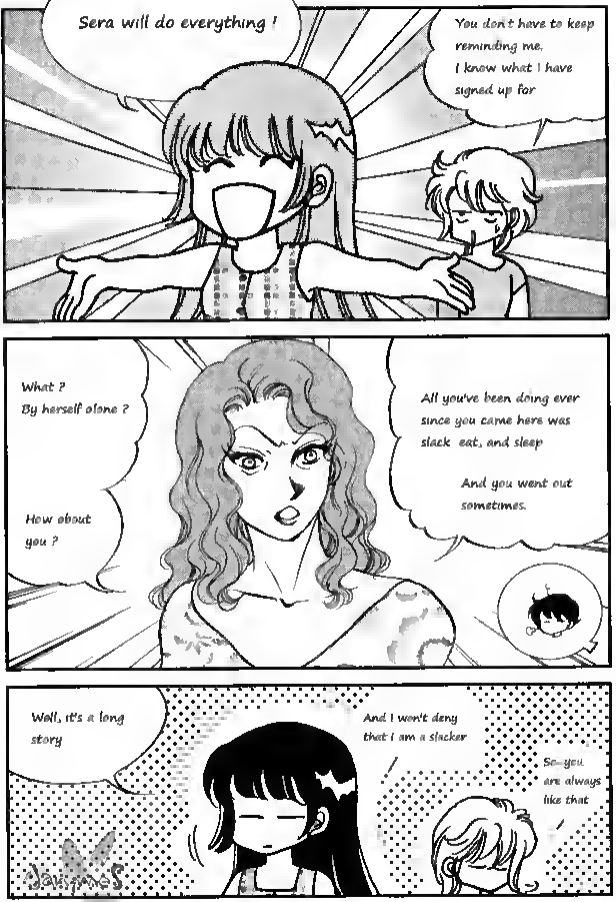
Still ... I think his offer was genuine.
Normally children don't even want their parents to move in.
And it was him who offered the idea. He may have other ideas but I still think it's nice of him

I have something to do.
I don't want to just sit back and spend my remaining days dull just because I have a cancer
Something to do ?
It's not like I want to die like this ...

Sei, you come home very often now. Why didn't you do this before ?
It's just for now... Once I make my debut, I doubt I could visit as often as now.
Well , that's true.
You are a good cook. It's so good, mom ~
Delicious ~

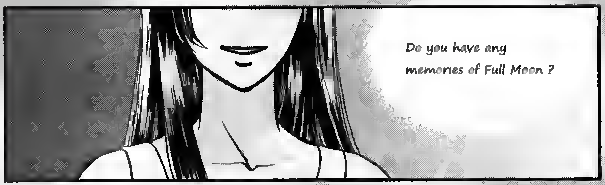
I told you to call me Sei's mother repeatedly !
Yes, yes yes, Sei's mom
Anyway, you always eat a lot
And you don't seem to gain weight at all.
I thought about that too
I understand that young adults require more energy a day, but ... still
I am soooo jealous ...
When she took an 8 plates in the buffet last time
I agree.
Eh ?
I am jealous, too
!

Look at the time
We will move out in four days.
Where are you moving to ?
P orea.
P orea ?
Yes, it's close from Sere's school.
Well it is only from 3 bus stops, so it is indeed close ...
But I don't think P orea has any suitable place for us to move in ?
It's an expensive orea...
Sere will get her own room, and so will I
And most importantly -

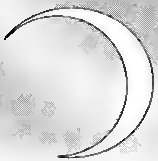


Sera will do everything !
You don't have to keep reminding me. I know what I have signed up for
What ? By herself alone ?
How about you ?
All you've been doing ever since you came here was slack eat, and sleep
And you went out sometimes.
Well, it's a long story
And I won't deny that I am a slacker
So you are always like that

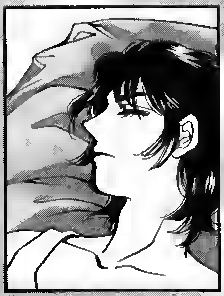
I will visit you sometimes to check on you
If she does abuse you, tell me.
Don't worry You've seen her for a while now All I will do is probably some house chores.
I get to save money on rent, so it's a good deal for me also
When she was at my place, I did all the chores also.
Anyway, she doesn't talk about former life stuff anymore, does she.
Has she told you ?
Nope —
No, she has not mentioned anything related to it ever since that night
I can't still believe that she'd break into a guy's room at that hour



Many people feel a little
strange when it's full moon.
It's not just me.



Well, tonight's not
even full moon.



Full Moon ... do you have any memories of it ?
Full moon ?
샤아
... Raining ?
Ah ...?
Wait ..., how can it be raining when full moon is out ?
What's this ... ?
Vivid sound of rain ...
Vivid image of Moon ...

처벅
처벅
Sound of foot steps ...
Someone is ... approaching ... ?
Where ...
What is this place ...
Is this ... a dream ... ?

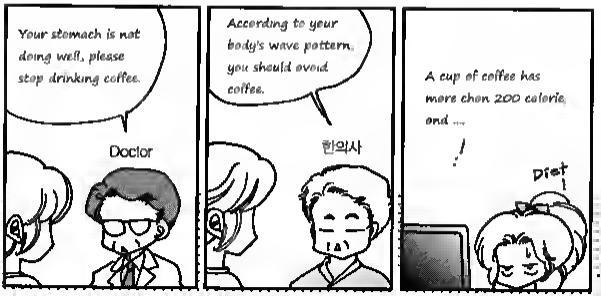
vol 1. 커피

Vol 1, Coffee



Your stomach is not doing well, please stop drinking coffee.
Doctor
According to your body's wave pattern, you should avoid coffee.
한의사
A cup of coffee has more than 200 calorie and ....
!
Diet

Even so, I SHALL DRINK.

I can quit anything but THIS

I've even purchased an espresso machine.

Its downside is that it requires proprietary coffee capsules, which means I can purchase and use only certain brands of coffee.

Coffee forever !

I revealed this to an interview previously

I did create 70-page worth of materials for Seol Hui back in 2003 However, a magazine it was going to be put into never took off, so the project was buried alive like that.

The materials I created back in 2003 are what I'd call Seol Hui part 2 now
Please look below for changes in character appearances.

Seol Hui new ver

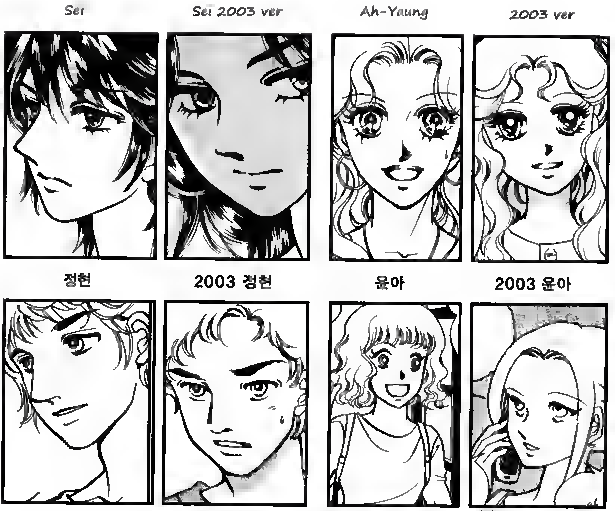
Seol Hui 2003 ver

Totally different image

Sera new ver

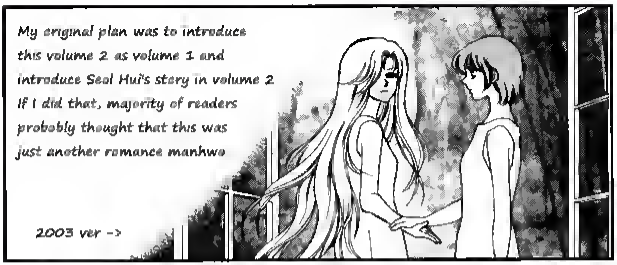
Sera 2003 ver

Different hair color



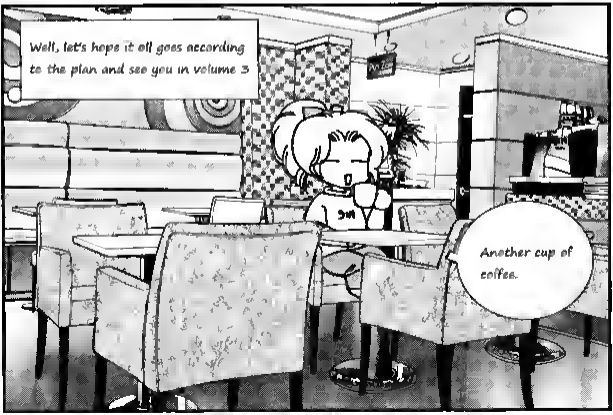
Well, names had some changes, but overall, all settings were carried intact.

When I was brining this project back from its grave, I had a debate between me and, well, me
Eventually me (which one?) wan over an idea to bring Seal Hur, the main character, aut in the first valume



My original plan was to introduce this volume 2 as volume 1 and introduce Seol Hui's story in volume 2
If I did that, majority of readers probably thought that this was just another romance manhwa
2003 ver ->

The whole plots are planned and ready
The problem is their order



Well, let's hope it all goes according to the plan and see you in volume 3
Another cup of coffee.
